PART I

No. C. B. 276-287, dated 27th October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read again—

1. Government Order No. 103-113, dated 12th October 1918, placing a sum of Rs. 3,000 at the disposal of each Deputy Commissioner for giving medical help to persons suffering from influenza.

2. Government Order No. 190-238—C. B. Medical, dated Camp Mysore, 21st October 1918 authorising Deputy Commissioners to entertain temporary staff for taking measures to avert the spread of influenza.

Order No. C. B. 276-287, dated 27th October 1918.

In Government Order No. 103-113, dated the 12th October 1918, a sum of Rs. 3,000 was placed at the disposal of each Deputy Commissioner to take measures against the influenza epidemic prevailing in districts and detailed instructions were issued subsequently on the 15th October laying down a plan of campaign to be adopted. It was therein suggested that if necessary one or two local medical institutions might be closed for medical officers in charge being set free to go about on relief work. The Senior Surgeon had recommended that as the accommodation in the in-patient wards attached to Local Fund Dispensaries is insufficient to meet the requirements of patients in the infected areas, temporary sheds in the compound close to each of these dispensaries might be put up. This recommendation was also approved.

In their order dated the 21st October 1918, Government also sanctioned additional establishments for each taluk and the employment of village officers and private individuals on suitable salaries for the distribution of medical relief to rural areas.

As it appears that the epidemic is spreading rapidly throughout the districts and causing heavy mortality among the rural population it is necessary to supplement instructions already issued to enable the Deputy Commissioners to adequately cope with the situation. The Senior Surgeon is requested to issue a circular order to all medical officers in charge of District Medical Institutions to do as much itineration work within their jurisdiction as possible. To facilitate the dispensing of medical relief promptly, the headquarters of each district may be supplied with a hired motor car which the Deputy Commissioners are authorised to engage forthwith from a fortnight to a month and place the same at the disposal of the Senior Medical Officer at headquarters. The Senior Surgeon's circular dated 19th October 1918 leaves much to be done by local authorities in the way of submission of indents, etc. The stores need not wait for extra indents as already ordered in para 2 of the Government Order dated 12th October. the medicines may be packed in a convenient form and distributed to local offices with instructions to make up the mixtures, etc.

The agency of Shekdars should be employed as largely as possible in distributing these medicines to the villagers and the Shekdars may be given additional travelling allowance so that they may engage jutkas, etc., to move about with expedition.

The Senior Surgeon as well as the Deputy Commissioners are requested to report what action they have taken on the orders already issued and those indicated in the present order.

P. G. D'SOUZA,
For *Chief Secretary to Government.*

To—The Senior Surgeon in Mysore.
The Revenue Commissioner in Mysore.
The Comptroller to Government.
The Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.

No 190-238—C. B. Medical, dated Camp Mysore, 21st October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Order No 190-238—C. B.—Medical, dated Camp Mysore, 21st October 1918.

As there is great difficulty in adopting remedial and other measures to stop the spread of influenza in the districts and in getting information owing to the inadequacy of the medical and other staff available for the purpose, Deputy Commissioners of Districts are authorised to entertain temporary staff wherever necessary for short periods not exceeding one month at a time for distributing medicines, supply of food to poor people and providing them with sheds and other temporary accommodation for the use of patients. The cost of the establishment should not exceed Rs. 100 for each taluk. Patels, shanbhogs and other private men may be employed on suitable salaries not exceeding Rs. 25 per mensem. In case of hoblis that may be very severely affected additional men may be employed, if necessary. The Sanitary Commissioner is requested to issue detailed instructions through the Deputy Commissioners regarding the manner in which these temporary officials may be employed and supply them with a leaflet containing all necessary information in connection with their work for combating the epidemic. The cost will be met by a special grant.

P. G. D'SOUZA,
For *Chief Secretary to Government.*

To—The Senior Surgeon in Mysore
The Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller to Government, through Financial Secretariat

Illicit Traffic in Food Grains.

No. C. G. 72-84—P. P. 66-18-85, DATED CAMP MYSORE, 11TH OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 2714-26—P. P. 66-18-1, dated the 6th August 1918, directing that the export of the marginally noted food grains from the State be permitted only under licenses issued therefor and that Ookads be located on all frontier roads leading outside the State.

Cholum

2. Letter No. C. 611, dated the 17th September 1918, from the Revenue Commissioner in Mysore, stating that it was brought to his notice during his tour that a considerable amount of grain was being smuggled outside ths State without licenses through village cart-tracks and other by-paths and that the best way to prevent smuggling would be by enlisting the co-operation of village officers and servants of the border villages as also of the public by the payment of suitable rewards for every case of smuggling detected and reported.

3. Letter No. C. 14, dated the 25th September 1918, from the Director of Civil Supplies in Mysore, suggesting that a patrol party may be organised and posted for duty on the frontiers to prevent illicit traffic in food grains.

Order No. C. G. 72-84—P. P. 66-18-85, dated Camp Mysore, 11th Oct. 1918.

Government approve of the proposal of the Revenue Commissioner regarding the institution of a system of rewards for the detection of cases of illicit traffic in food grains and are accordingly pleased to authorise the Deputy Commissioners of Districts to sanction rewards up to and inclusive of Rs. 25 in each case. The Revenue Commissioner is authorised to sanction rewards up to and inclusive of Rs. 50, recommendations for the grant of higher rewards being submitted for the sanction of Government. The Revenue Commissioner's suggestion regarding the recoupment of the expenditure on rewards by realisations from fines in case of conviction is also approved.

2. Separate orders will issue regarding the organisation of patrol parties for watching the frontiers.

Opening Grain Shops in Bangalore City.

No. G. 6869-75—P. P. 101-18-12, dated 3rd October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 2994, dated the 24th September 1918, from the Director of Civil Supplies and Controller of Prices in Mysore, submitting, for the approval of Government, a report of the action taken in the matter of opening grain shops in Bangalore City for selling ragi to the poor at favourable rates, and soliciting the orders of Government on certain points referred to therein.

(Printed as an annexure.)

Order No. G. 6869-75—P. P. 101-18-12, dated 3rd October 1918.

The action taken by the Director of Civil Supplies is approved. The issue of tickets may advantageously be entrusted to the Municipal Commissioners of the several Divisions.

2. The Director is authorised to buy and store ragi at the Central Depot in Bangalore City up to a limit of 10,000 bags in the first instance. The Comptroller is requested to place a sum of Rs. 25,000 in the Mysore Bank at the credit of the Director of Civil Supplies. Arrangements will be made to credit to the Mysore Bank, without delay the amounts realised by the sale of ragi at the several depots.

3. Sanction is also accorded to the entertainment of the marginally noted temporary establishment costing Rs. 89 per mensem for work at the Central Depot for a period not exceeding six months, the cost being debited to the allotment sanctioned above.

	Rs.
One clerk on Rs. 25	25
Two peons on Rs. 8 each	16
Three watchmen on Rs. 8 each	24
Two measurers on Rs. 9 each	18
One woman servant on Rs.	6
Total ...	89

4. The Director of Civil Supplies is requested to submit for the information Government a monthly report as to how the arrangement works.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government

To—The Director of Civil Supplies in Mysore.
The President, Bangalore City Municipal Council.
The Deputy Commissioner, Bangalore District.
The Comptroller, Mysore Government, through the Financial Secretariat.
The Inspector-General of Police in Mysore.
The Revenue Commissioner in Mysore.
The Secretary to Government, Revenue Department.

Exd.—C. R.

No. G. 6869-75—P. P. 101-18-12, DATED 3RD OCTOBER 1918.

Letter No. 2994, dated the 24th September 1918, from the Director of Civil Supplies in Mysore, to the Chief Secretary to Government.

With reference to your letter No. G. 5381-2—P. P. 101-18-1, dated the 13th September 1918, to the Honorary President of the Bangalore City Municipality regarding the opening of grain shops in the City, I have the honor to report that in accordance with the instructions issued to me in person in view of rumours about looting in Bangalore, I started on the 13th instant grain shops for the sale of ragi in 8 quarters of the City as follows:—

1. Old Taragupet managed by Mr. Mandi Hariyanna.
2. New Taragupet managed by Mr. S. K. Narasimiah and Arunagiri Chetty.
3. Cottonpet managed by Mr. Sivappa.
4. Akkipet managed by Mr. B. K. Thimmarayappa.
5. Gudumaina Petta managed by Mr. Narasappa.
6. Cubbonpet managed by Mr. Adeppa.
7. Ragipet managed by Mr. Papayya.

2. The shops are managed without any expense to Government by the leading residents of the selected locality to whom periodical supplies of ragi are forwarded from purchases effected by me at New Taragupet. The gentlemen in charge of the shops whose names are given above are instructed to sell 12 seers of ragi per family per week for one rupee. They have been provided with tickets to be issued to consumers, a sample of which I submit for information of Government. They have, however, been advised to issue what they consider as the normal requirements of the family freely in order that no hard and fast rule might stand in the way of free issues of necessary supplies.

3. I have to report that up to this date I have 2,443 bags of ragi containing 340 cart loads and 106 seers at Rs. 50. per cart load in the bazaar. Of this quantity 1,000 bags were forwarded under your instructions to the Deputy Commissioner of Mysore District and 651 bags have been distributed up to date among different depots leaving a balance of 792 bags in stock for further supplies to the depots in future. The total value of the ragi purchased inclusive of bags is Rs. 18,633-7-5.

4. As the conditions on the 13th instant necessitated my obtaining delivery without delay of all ragi that I could lay hold of, I requested the Manager of the Bank of Mysore to allow me to draw on him for any amount that may be required by me. I have accordingly have drawn a cheque for Rs. 15,000 in favour of Mr. Mandi Hariyanna for distribution among merchants who have given me ragi. I submit for the information of Government copy of the statement of accounts showing the purchase of ragi effected and the manner of its distribution. In view of the fact that the grainshops are managed without any cost to Government and ragi sold retail at 12 seers a rupee, I believe it will not be necessary for Government to incur any expenditure on account of the ragi shops started in Bangalore. The amounts realised by the retail sale of ragi may be utilised for effecting periodical wholesale purchases to get the shops adequately supplied. But owing to the fixation of the maximum price of ragi in the Bangalore and Tumkur Districts supplies may not come into the market freely. It will be necessary for Government to see that adequate stocks are kept ready at hand not only to supply the City but also to meet the periodical requirements of the District Officers and the Directors of Civil Supplies of Bombay and Madras. I beg to submit for the information of Government that the policy of fixing maximum prices entails responsibility for providing adequate supplies at the prices fixed and it will be necessary for Government to adopt all measures to ensure that such supplies are forthcoming.

5. In view of the great importance of this question, I venture to append below an extract from an article in the American Economic Review for March 1918, dealing with the United States Food and Fuel Control Act emphasising the conclusion drawn from the experience of European countries during the war that a maximum price will be a failure unless Government takes steps to obtain supplies sufficient to enable them to control the market. The extract is as follows:—

"Secretary Houston's reason for recommending that the Government be given authority to deal with food stuffs in case of emergency was evidently his belief that it might be necessary in order to provide an effective method for maintaining any minimum or maximum prices which might be fixed by the Government. This opinion was shared by Mr. Hoover, who asserted in his testimony before the Senate Committee on Agriculture and Forestry on May 8, 1917, that a maximum price has proved a failure in Europe except when the Government owned so much of a commodity that it could control the market. To illustrate he stated that the French Government imported last year about 25 per cent of their bread stuffs requirements and used that as a club to maintain the maximum price but in all commodities where there is no club of that character the maximum price is a total failure."

6. I therefore submit that it is necessary to purchase and stock a sufficient quantity of ragi in a Central Depot in Bangalore. I submit that we may begin with about 10,000 bags and that I may be authorised to buy up to this quantity as supplies are available. I believe it will be possible to manage this transaction without any serious loss to Government beyond what may be involved in the establishment required for the Depot, the interest on the capital invested on ragi and other expenses incidental to a large grain store.

7. I request to know whether I may continue the system which I was forced to adopt owing to the urgency of the occasion of obtaining the necessary finance from the Mysore Bank or whether the Government will decide to place me in funds for the purpose. I beg to suggest that until some experience is gained as regards the magnitude of the transactions necessary to control the price of ragi, all business may be conducted through the Mysore Bank, the accounts being audited by the Comptroller.

8. As stated already the scheme of Government control of ragi by the fixation of maximum prices requires in addition to adequate financial provision, such steps as may be necessary to get ragi into the maket. For the last fortnight there has been a large decrease in the number of carts of ragi coming into Bangalore. It is probable that no sinister meaning need be attached to this falling off and that the failure of raiyats to come to Bangalore is due to their employment on their fields in cosequence of the recent rains. I have, however with a view to be prepared for the worst, addressed yesterday a meeting of the Amildars of the Bangalore District kindly convened at my request by the Deputy Commissioner requesting them to have it published widely in their taluks that I am prepared to purchase ragi at the prices fixed by Government and that it may be delivered either at Bangalore or at any Railway station in the district. I anticipate that when this become sufficiently well known, ample supplies will be forthcoming.

9. I solicit the sanction of Government for entertaining a staff as noted in the margin at the Central Ragi Stores. The stores will be placed in charge of one of the Inspectors. As the opening of the store was urgent, I have in anticipation of sanction, employed the staff and I beg that my action may be approved.

Disposal of Military Pension.

No. G. 7322-3—Mily 38-18-2, dated Camp Mysore, 10th October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 7322-3—Mily. 38-18 2, dated Camp Mysore, 10th October 1918.

With a view to obviate delay in the disposal of military pension cases and the hardships caused to the parties concerned at present, the Government of His Highness the Maharaja are pleased to lay down the following rules for the disposal of such claims.—

(1) All pension cases whether relating to retired military men themselves or to their families should be treated as very urgent and dealt with in all the offices concerned without any delay ;

(2) Ordinarily all claims to pension which do not require the sanction of Government should be finally settled within two months from the date of the retirement of the individual or of his death or within a similar period from the date of the receipt of the intimation of death should it have occurred in the field ;

(3) The Commandants of Regiments whether in the field or at Headquarters will be held personally responsible to see that all the information required for the settlement of pension claims is furnished to the Chief Commandant with the least possible delay ;

(4) Cases which require the sanction of Government will generally be disposed of finally within three months from the date of retirement or death as the case may be ;

(5) In all cases where pension cannot be sanctioned within two months in accordance with Rule (2) above, arrangements should be made by the Chief Commandant to obtain the sanction of the Comptroller under the provisions of the Mysore Service Regulations to grant the individual concerned an anticipatory pension ;

(6) All cases in which pensions have not been sanctioned within two months as provided under Rule (2) should be reported to Government once a month in the form appended to this order. This report will be in modification of the return prescribed in letter No. G. 2203—Mily. 38-18-1, dated 29th July 1918 and should reach Government not later than the 10th of the month following that to which it relates.

Government Stationery Depot

No. G. 7358-418—P. & S. 28-18-3, dated Camp Mysore, 11th October 1918

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Administration Report on the working of the Government Stationery Depot during the year 1917-18, received with letter No. 626, dated 14th August 1918, from the Superintendent, Government Stationery.

Order No. G. 7358-418—P. & S. 28-18-3, dated Camp Mysore, 11th October 1918.

Recorded.

The value of paper and other articles of stationery of Indian manufacture that were purchased for the Depot during the year under review was nearly double that of the previous year, the increase being mainly due to the additional demands for paper for printing several office manuals and Mr. Datta's report, while there was a slight fall from Rs. 84,695-5-3 to Rs. 83,115-13-8 in the value of English made articles.

As even during the year under review indents were not received in time from a large number of offices, there having been a delay of six months in some cases, Government are constrained to direct that no indents be received after the due date by the Superintendent without the express sanction of Government which will not be accorded except for very satisfactory reasons.

The total value of supplies made to the various departments during the year was Rs. 2,82,804-9-1 as against Rs. 2,79,543-1-4 in 1916-17.

The work of the Depot was satisfactory.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Superintendent, Government Stationery.
The Heads of Departments.
The Deputy Commissioners of Districts and other intending officers.

Report on the Working of the Government Press.

No. G. 7419-479—P. & S. 26-18-3, DATED 11TH OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Report on the working of the Government Press, the Mysore Gazette Office and the Office of the Registrar of Authorised Publications in Mysore for the year 1917-18, submitted by the Superintendent, Government Press, with his letter No. 374, dated 7th August 1918.

Order No. G. 7419-479—P. & S. 26-18-3, dated 11th October 1918.

Recorded.

During the early part of the year Mr. C. H. Yates was permitted to retire from service and he was succeeded by Mr. D. B. Ramachandra Mudaliar, Assistant Superintendent, who was appointed to officiate as Superintendent, Government Press.

2. One Thompson Type casting machine at a cost of Rs. 6,978-11-0 was imported from America and installed in the Press and types valued at Rs. 5,075-4-5 were cast and taken to credit in the Press Stock.

3. The expenditure during the year amounted to Rs. 1,40,862-13-11 as against Rs. 1,55,631-8-0 in the previous year.

4. To relieve congestion of work in the Government Press, several measures were adopted during the year and it is hoped that these will lead to quicker despatch of work in future.

5. There was a general decrease in the out-turn of work in the composing, embossing, ruling, numbering and typecasting Departments and a slight increase in the printing, binding and perforating Departments.

6. The General Educational School had only 44 pupils as against 59 in the previous year, but the Technical School had on its rolls the same number as in the previous year, *viz.*, 13. Out of 5 students that sat for the examination in elementary composing 3 were successful.

7. The number of units of overtime working during the year under review was 4,299 as against 1,826 in the previous year and the total out-turn consisted of 56,615 pica pages as against 57,133 in 1916-17. This large excess of overtime is reported to be due to special causes. Government trust that the Superintendent will by proper organisation arrange that an adequate quantity of work is turned both during the nominal working hours and when overtime is resorted to.

8. The Administration of the Departments was satisfactory.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Officiating Superintendent, Government Press.
The Heads of Departments.
The Heads of other Offices and Deputy Commissioners of Districts.

Reduction of Work in the Press.

No. G. 7248-300—G. P. 22-17-6, DATED CAMP MYSORE, 10TH OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 2616, dated 1st June 1918, from the Superintendent, Government Press, submitting a note on the steps taken in regard to the reduction of work in the Government Press in pursuance of the instructions given in Government Order No. G. 4337-9—G. P. 22-17-1, dated 28th September 1917.

Order No. G. 7248-300—G. P. 22-17-6, dated Camp Mysore, 10th October 1918.

Recorded.

Government note with satisfaction the various steps taken by the Superintendent for the reduction of work in the Press.

2. Government are of opinion that the *Mysore Gazette* may be printed on paper of the same quality as that used for the Gazettes published in British India.

3. Early steps should be taken to get the Arthasadhaka Patrika printed at a private press with effect from 1st January 1919 (*vide* Government Order No. G. 16375—G. P. 8-17-77, dated 31st May 1918).

4. The result of the examination of forms and registers which the Superintendent is making, to decide whether any possible reduction in size could be made and whether they could be printed on cheaper paper is awaited.

5. Action should also be taken to standardise forms. Common forms should, as far as possible, be introduced in all departments and an accurate list—numbered in suitable series maintained for all forms — general as well as departmental.

6. In regard to forms of which the matter has been kept standing in the Press for years together, stereos may, if possible, be made and kept provided changes in them are not likely. The Superintendent is requested to take needful action in the matter immediately in consultation with the heads of the departments concerned.

7. The number of forms indented for by the several officers appears to be in excess of their requirements. Government expect all officers to observe strict economy in this respect.

8. The arrangements made for the distribution of the *Gazette* are up-to-date and quite satisfactory.

9. There is still a great wastage of paper which can be avoided if officers will only realize the present situation as regards the supply, as well as the cost of paper.

10. The Inspector-General of Education, the Registrar, Mysore University, and the Secretary to the Board of Management, Mysore Local Service and Pleaders' Examinations, will be requested to report if there is any reason why the request of the Superintendent that answer papers of the candidates sitting for the various public examinations may be sent to him, after the results are published should not be complied with.

11. The report of the Superintendent that if any work he is asked to take up cannot be executed, he gives due intimation of the fact to the department concerned and helps it, whenever his assistance is sought, in getting the work printed at a private press and that in other cases he puts the work in hand at once, indicates a move on the right lines.

12. A further order will issue on the other points dealt with in the Superintendent's report under reference.

13. The Superintendent deserves the appreciation of Government for the savings and improvements effected.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Superintendent, Government Press.
The Secretary to Government, Departments of Education and Agriculture.
The Inspector-General of Education.
The Registrar, Mysore University.
The Secretary, Mysore L. S. & P. Examination.

Report on the working of Hospitals and Dispensaries in Mysore for the Calendar year 1917

No. G. 7480—Med. 26-18-4, dated 11th October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

The report on the working of Hospitals and Dispensaries in Mysore for the calendar year 1917, submitted by the Senior Surgeon with his letter No. Pl. 33-89, dated 8th June 1918.

Order No. G. 7480—Med. 26-18-4, dated 11th October 1918.

Recorded. There was a delay of over a month in the submission of the report. It should be avoided in future.

2. Rajakaryapravina Rao Bahadur Mr. T. V. Arumugam Mudaliár continued to be in administrative charge of the Medical Department during the period under review.

3. During the year 1917, six Local Fund Dispensaries at Belur, Balehonnur, Aldur, Attigunde, Santaveri and Lakkavalli in the Kadur District and one itinerant dispensary at Nagenhalli in the Hassan District were newly opened. The Planters' Dispensary at Kalasa was converted into a grant-in-aid institution. A temporary dispensary was also opened at Budipadaga in the Mysore District.

4. The Railway Dispensary at Hole-Narsipur was closed, as it was not required after the opening of the Mysore-Arsikere line. As a result of these changes there was an increase in the number of medical institutions in the State from 166 to 174.

5. The two itinerant and three semi-itinerant dispensaries opened in the malnad tracts are reported to have rendered medical aid to 24,387 patients during the year showing considerable advance over the figure for 1916 which was 17,639. Government are glad to note that the establishment of these dispensaries has met a real want.

6. The number of in-patients treated in the State Public, Local Fund and Private Aided Institutions was 12,775 or 578 more than that in the previous year, while the number of out-patients was 1,648,137 against 1,513,175 in 1916.

7. Among common diseases treated malaria as usual stood first in point of number (307,950) an increase of 43,108 over that for 1916. But the mortality in respect of the disease was slightly less, the proportion being only 55 as against 57 during 1916.

8. The number of principal surgical operations performed during the year in the hospitals and dispensaries was 45,104. The number of major operations was 2,614 and of these 2,487 (excluding 38 which were still in the hospital at the close of the year) are reported to have been successful. The number of major operations performed in the Victoria Hospital, Bangalore, was 1,015 againt 994 in the previous year.

9. The attention of the Senior Surgeon is invited to paragraph 7 of the last year's review wherein he was requested to furnish figures of moffussil patients resorting to Victoria Hospital.

10. The number of midwives at work during the year was 134 against 131 in the previous year. They attended to 8,542 cases against 9,186 in the previous year. The number of cases per month amounts thus on an average to 5 for each midwife, a very poor result in the opinion of Government.

The number of patients resorting to indigenous system of treatment is almost the same as in previous year.

11. The number of patients treated in the special pay wards of the Victoria Hospital, Bangalore, was 122 against 110 in 1916 and the fees realised amounted to

No. G. 7480—Med. 26-18-4, dated 11th October 1918.

Rs. 4,858. It is reported the wards are growing in popularity. The number of cases treated in the "X" Ray Department of the two hospitals is 365 against 430 in 1916, showing a decrease of 65 cases.

12. A Department of Dental Surgery was opened in the Victoria Hospital at the end of the year with Dr. W. F. Rule, D.D.S., as Dentist. The Senior Surgeon is requested to add a paragraph in future reports regarding the work in this department.

13. The total expenditure on medical relief was Rs. 5,07,735 against Rs. 4,92,613 in the previous year, the State contribution towards it amounting to Rs. 4,10,152.

14. Immediate steps should be taken for adjusting the large sum of Rs. 10,307-5-0 for supplies of medicines made on credit to other departments.

15. Government are glad to observe that inspection work done during the year was satisfactory and that the Senior Surgeon himself inspected 94 institutions as against 48 during the previous year.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Senior Surgeon in Mysore.

Influenza in the Bangalore City.

No. G. 28-32—MEDICAL, DATED CAMP MYSORE, 9TH OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

"Letter No 98, dated 7th October 1918, from the Honorary President, City Municipal Council, Bangalore, reporting the outbreak and prevalence of a serious type of influenza in the Bangalore City and suggesting measures to deal with the epidemic there.

* (Printed as an annexure to this Order.)

Order No. G. 28-32—Medical, dated Camp Mysore, 9th October 1918.

The Senior Surgeon is requested to open six additional dispensaries as suggested by the Honorary President in his letter read above, and to employ as many retired men and other private practitioners as possible on reasonable remuneration. The Municipal Schools that are now closed, may be utilised for locating sum of these new dispensaries.

The extra cost involved will be met from a special grant that will be given under the head "Epidemics" to meet the situation. Separate orders will shortly issue in this matter.

The Sanitary Commissioner is requested to suggest necessary relief measures for dealing with the situation in Mysore and other places where they may be necessary.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Senior Surgeon.
The Sanitary Commissioner.
The President, City Municipal Council, Bangalore.
The Comptroller to Government.
The President, City Municipal Council, Mysore.
PRESS TABLE.

EXD—R.K.

No. G. 28-32—Medical, dated Camp Mysore, 9th October 1918.

ANNEXURE.

Letter No. 98, dated Bangalore, 7th October 1918, from Dewan Bahadur Raja Sabha Bhushana K. P. Puttanna Chetty, Esq., C.I.E., Honorary President, City Municipal Council, Bangalore, to the Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

I have the honour to report for the information of Government the outbreak and prevalence of a serious type of Influenza in the City. The disease has obviously been imported from the Bombay side. There is a great tendency towards lung complications and even uncomplicated cases have a protracted period of convalescence attended with utter prostration.

2. I have instituted careful enquiries and visited all parts of the City and Extensions. The attendance at the Local Fund Dispensaries has greatly increased and the demand upon the services of medical men is incessant. Almost every household has its cases and in some there are none to tend the sick. The death rate of the City has increased by 100 per cent for this part of the year and I apprehend that, with a continuance of the epidemic and the onset of the cold weather, lung complications will increase, involving great mortality.

3. I beg to enclose herein extract from the Proceedings of the Municipal Council at their meeting held on the 5th instant, seeking the assistance of the Senior Surgeon and of the Sanitary Commissioner in minimising the ravages of the epidemic. I gather that the accommodation in the Victoria Hospital is insufficient and it is not easy to induce people to resort to the Institution on the Magadi Road. It seems to be desirable to request the Senior Surgeon to devise means to accommodate some 50 to 100 in-patients and to arrange for their treatment. If the place is otherwise considered suitable, I might perhaps suggest the Old Palace in the Fort.

4. While some such arrangement would take appreciable time in maturing, it seems to me to be highly necessary to strengthen the staff of the existing dispensaries to cope with the cases and to lay in a sufficient stock of medicines. It is also necessary to open temporary additional dispensaries in all parts of the City. The Government and Municipal Schools that are now closed would be ideal places for this purpose. I would as a preliminary measure suggest the opening of four such dispensaries with a suitable staff and stock of medicines. A noticeable feature of the illness is the great prostration even at the earliest stages. The largest number of cases cannot leave bed and it would be a great boon if all the medical men in charge of dispensaries were instructed to attend to calls free of charge and supply medicine freely.

5. I am issuing a printed leaflet in English and Kannada containing simple directions for the prevention and treatment of the illness. I am also endeavouring to secure voluntary assistance of the retired medical men resident within the City. Father P. M. Briand and Rev. D. A. Rees, Municipal Councillors, have promised the co-operation of men in their Parish and Mission respectively. The Health Officer has been instructed to organize this, particularly for the purpose of visiting bad cases at their own houses and supplying medicine.

6. I request Government may be pleased to issue urgent orders to the Senior Surgeon and to the Sanitary Commissioner on the subject.

No. G. 28-32—MEDICAL, DATED CAMP MYSORE, 9TH OCTOBER 1918.

Proceedings of an Ordinary General Meeting of the City Municipal Council, Bangalore, held in the Council Chamber, City Municipal Office, on Saturday, the 5th October 1918 at 8 A.M.

* * * * *

Before proceeding with the day's work the Honorary President explained the unsatisfactory state of public health for the last week or ten days and invited discussion, with a view to adopt preventive and remedial measures.

Several Municipal Councillors took part in the discussion, the principal proposals being the free issue of milk for the poorest classes of patients and strengthening the staff of compounders in the existing Local Fund Dispensaries of the City. Some Councillors suggested that the nature of the disease should be investigated.

The Chief Officer Mr. R. Subba Rao explained that there were good reasons to believe that the so called "Mysterious Fever" of Bombay had been imported into and had widely spread in the City. Everything pointed to the disease being Pandemic Influenza in some of its graver manifestations. Five households had recently come within his notice, wherein 40 persons were stricken with the illness. He had made enquiries in all the Divisions. The attendance at the Municipal Dispensaries had doubled. There were processions of patients at the private dispensaries and chemists' shops. The wards of in-patient hospitals were filled to overflowing and people had to go back for lack of accommodation. He suggested the immediate necessity of addressing the Senior Surgeon to make arrangements for the accommodation and treatment of at least 100 patients. In view of the tendency of the disease to affect all the members in a house, hardly sparing a sufficient number to nurse and tend the sick, he suggested the opening of temporary additional dispensaries in the more crowded parts of the City to minimise the hardship involved in going long distance and waiting for a considerable time to secure treatment and medicine.

Rev. D. A. Rees suggested that the temporary dispensaries referred to be opened in the Government and Municipal Schools of the several mohallas, the Senior Surgeon being requested to depute a suitable number of Sub-Assistant Surgeons and compounders for the purpose. He was also of opinion that the leaflets describing the nature of the illness and precautions to be taken might be printed and widely circulated.

The following resolution was passed—

1. The Government of His Highness the Maharaja, the Senior Surgeon and the Sanitary Commissioner be addressed on the subject of affording suitable accommodation and treatment for about 100 in-patients, at as early a date as practicable, besides strengthening the staff and stock of medicines in the existing dispensaries.
2. Four to six out-patient temporary dispensaries be opened in the crowded parts of the City. The Government and Municipal Schools which are now closed offer sufficient facility for the purpose. The Senior Surgeon be requested to depute suitable staff to run them and also to supply necessary medicines.
3. The Health Officer will publish and circulate broadcast leaflets explaining in simple language the nature of the illness and measures to be adopted when attacked by it.
4. The Health Officer will also endeavour to secure voluntary assistance of retired medical men and others to visit bad cases in their own houses and supply medicine.

Father P. M. Briand and Rev. D. A. Rees promised every co-operation on the part of the medical men and other volunteers in their Parish and Mission respectively.

K. P. PUTTANNA CHETTY,
Honorary President.

No. G. 98-102, Medical, dated Camp Mysore, 12th October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Memorandum dated the 11th October 1918, from the Sanitary Commissioner, regarding the epidemic of influenza in the Mysore City, and suggesting remedial measures to combat the disease.

Memo dated 11th October 1918 from the Senior Surgeon.

Order No. G. 98-102, Medical, dated Camp Mysore, 12th October 1918.

1. With a view to afford medical relief to those falling victims to the epidemic of influenza, Government are pleased to pass the following orders:—

1. Temporary dispensaries should be opened in six different parts of the city under tents open to the air on all sides and a Sub-Assistant Surgeon posted to the charge of each dispensary.
2. Medicine approved by the Senior Surgeon should be prepared on a large scale in the Medical Stores at Bangalore, packed in a convenient form and distributed in sufficient quantities to all the permanent, temporary and itinerant dispensaries in both Bangalore and Mysore Cities and other localities in which they may be needed.
3. Carriages or cars be engaged on hire for use by relief parties and sent out to the congested localities to bring medical relief to the very doors of the people. These itinerant dispensaries may, in the absence of qualified men, be put in charge of the medical students now undergoing training in the Medical School at Bangalore. The President of the Municipality concerned should arrange for their boarding and lodging free. The lecturer on Medicine or Materia Medica may give a few simple directions to these students for recognising the various forms of influenza. They may be asked to preach to the people the necessity of giving the patients the benefits of open air treatment.
4. That to the temporary dispensaries under tents, other tents be attached, also open on all sides, to which patients and their relatives may be encouraged to resort.
5. A large number of sheds are available in the Health Camps and these sheds may be allowed to be used by infected families and all the infected members treated as patients of a hospital.
6. That the cars or carriages engaged in distributing medicines and advice be made use of in giving milk to the people who cannot afford to buy it.
7. That "Thymol" which can be had of Mr. Pell of the Mysore Pharmaceuticals in a form ready for internal use and for application to the throat be given to the Health Officers of Bangalore and Mysore for being given out by them during their daily rounds, and that after they are satisfied of its efficacy, it be supplied to the Sub-Assistant Surgeons in charge of the permanent and temporary dispensaries.
8. That the help of the Municipal Councillors, all voluntary workers and associations be freely utilised not only in the distribution of medicines but also care and treatment of patients and supply of milk and diet.

No. G. 98-102, MEDICAL, DATED CAMP MYSORE, 12TH OCTOBER 1918.

9. That pamphlets printed in Kannada describing the value of open air in dealing with 'Influenza' be freely distributed.

2. The Senior Surgeon will be authorized to entertain temporarily on suitable salaries for short periods extra medical men to meet urgent demands and report the fact to Government for formal sanction.

3. The extra cost involved will be met from a special grant that will be given under the head "Plague and other Epidemic charges," to meet the situation. Meanwhile, the Comptroller is requested to admit charges to an amount not exceeding Rs. 2,500 a month in each of the cities.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Sanitary Commissioner.
The Senior Surgeon.
The Comptroller to Government.
The Presidents of the City Municipal Councils of Bangalore and Mysore.

No. G. 7557-617 / Med.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.
GENERAL AND REVENUE DEPARTMENTS.
Dated Bangalore, the 24th October 1918.

OFFICIAL MEMORANDUM.

With a view to enable Government to be fully in touch with the course of the influenza epidemic now prevailing in various parts of the State and to co-ordinate the work of the several agencies employed in combating the same, the following instructions are issued in continuation of previous orders :—

2. *Daily Messages and Weekly Reports.*—Daily and Weekly Reports or Returns may be submitted as explained hereunder :—

(*a*) The Presidents of the Municipalities of Bangalore and Mysore should intimate to Government, early every morning, the figures of total mortality and mortality from influenza on the previous day. This should be followed by a brief report, (which unless necessary need not exceed a dozen sentences) on the state of the epidemic each day, the manner in which the organization for dealing with the epidemic is working and any further facilities or help required from Government. Copies of the daily messages and the report should be simultaneously forwarded to the Senior Surgeon and Sanitary Commissioner.

(*b*) The Deputy Commissioner in each district should similarly intimate by wire in a few sentences, the figures as far as available of total mortality in each taluk and the district, areas newly affected and any special facilities or help needed from Government. Copies of these should be forwarded simultaneously to the Senior Surgeon and Sanitary Commissioner.

(*c*) The Presidents of the two Municipalities and the Deputy Commissioners of Districts should submit a brief detailed report (which need not exceed one page) once a week, every Saturday, regarding the state of epidemic, extent of co-operation received from officials and the non-official public, supply of medicines and medical men, relief to the poor and the adequacy or otherwise of the existing arrangements, copies of the report being furnished simultaneously to the Senior Surgeon and the Sanitary Commissioner.

3. *Responsibilities of the Senior Surgeon.*—The Senior Surgeon will be responsible for all the medical arrangements necessary in connection with the disease such as maintaining an adequate staff of medical men in each affected locality, the supply of medicines, entertainment of additional medical staff, the opening of new dispensaries, etc. He should be regularly in correspondence with the Presidents of the two Municipalities and the Deputy Commissioners and utilise in consultation with them, every available agency for adopting curative and other measures for combating the disease. A brief weekly report, not exceeding one page, of the work done by the Medical Department, should be submitted by him to Government every Monday.

4. *Responsibilities of the Sanitary Commissioner.*—The Sanitary Commissioner will be expected to maintain correct up-to-date information regarding the state of the disease in various parts of the State, review the same from day to day, bring to the notice of Government any deficiencies in existing arrangements and special facilities required and arrange for bacteriological and other investigations. He should submit a report to Government (the report need not exceed one type-written page) every Monday, comprising—

(1) a review (not exceeding one page) of the condition and progress of the disease throughout the State,

(2) a statement of work done by his department in dealing with the disease. The review may, if Government think fit, be published for general information.

No. G. 7557-617—Med., dated 24th October 1918.

5. *Responsibilities of Deputy Commissioners.*—The Deputy Commissioners should arrange to get full information regarding the state of the epidemic in all parts of their districts, direct all local measures to be adopted, communicate with the Medical and Sanitary Departments and obtain from them all assistance needed to afford relief and avoid loss of life.

6. The reports referred to above should be sent regularly until they are countermanded. Wherever the conditions have sufficiently improved, the reports may be discontinued, after obtaining permission to do so from Government.

7. Government particularly desire that the Presidents of Municipalities, the Heads of the Medical and Sanitary Departments and Deputy Commissioners should enlist the co-operation of the leaders of the non-official public to the fullest extent possible and afford them all reasonable facilities needed, to help the afflicted population.

8. The success of the measures in saving life in the present emergency will depend very largely on the co-operation between all the agencies and the representative men of the localities concerned and on the intimacy of understanding that may be established between all of them as regards objects and methods.

P. G. D'SOUZA,
For *Chief Secretary to Government.*

To—The Senior Surgeon in Mysore.
The Sanitary Commissioner in Mysore.
The President, Bangalore City Municipal Council.
The President, Mysore do
The Deputy Commissioners of Districts.
The Heads of Departments.

Read—

Government Order No. G. 98-102—Medical, dated Camp Mysore, 12th October 1918.

Order No. G. 7856-60—Med. 56-18-22, dated 29th October 1918.

Government have approved of the opening of temporary dispensaries in the Bangalore and the Mysore Cities open to the air on all sides for treatment of influenza patients.

Government are pleased to direct that the temporary structure constructed in connection with the Exhibition buildings and such portion of the buildings as may be conveniently spared for the purpose be placed at the disposal of the President, Mysore City Municipal Council, for opening a temporary dispensary. He is requested to take necessary action to open the Hospital in consultation with the Senior Surgeon and report the action taken to Government at once. A sum of Rs. 3,000 will be sanctioned for equipment and other charges of the Hospital.

C. S. BALASUNDARAM IYER.
Chief Secretary to Government.

CAMP No. G. 122-131.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,

Dated Camp Mysore, 15th October 1918.

OFFICIAL MEMORANDAM.

With reference to Government Order No. G. 103-113, dated 12th October 1918, placing a sum of Rs. 3,000 at the disposal of each of the Deputy Commissioners for adopting prompt and suitable measures to check the spread and evil effects of the influenza epidemic the following subsidiary instructions are issued for guidance: —

1. The amount allotted to each district should be distributed among several taluks suitably and according to requirements.

2. The Amildar or the Deputy Amildar of each taluk or sub-taluk, as the case may be, should be held responsible for taking necessary action with a view to bring relief to the sick and the poor and spend the money as far as possible in consultation of the wishes of the people and local medical officers.

3. In each taluk, relief committees should be formed for work in villages conveniently grouped together, the members of such committees being supplied with standard medicines, approved articles of diet and clothing for distribution to the sick and the poor.

4. The District Medical Officer should be held responsible for keeping a sufficient supply of approved medicines in all dispensaries in the districts to be readily available for distribution. He should also be responsible for obtaining sufficient quantity of medicines from the Medical Stores, and also to utilise the medical staff and other agencies available in the districts in rendering medical help to as large a number of people as possible.

5. If necessary, one or two local medical institutions may be closed for medical officers in charge being set free to go about on relief work.

6. Arrangement should at once be made to run up, attached to each dispensary, a number of temporary well protected thatched sheds for the use of the in-patients.

7. All available trained agency in the taluks, such as Vaidyas, Sanitary Inspectors, Hakims, etc., may be freely made use of for giving medicine to the sick.

8. The District Medical Officer, the Sanitary Officer, the Amildars, and the Deputy Amildars should constantly tour in the taluks and see that the arrangements ordered by the Government are effectively carried out.

9. A report about the relief given, the number of attacks in the taluk and total number of deaths from the disease since its outbreak should be submitted weekly to the Deputy Commissioner until further orders. A copy of the report will be simultaneously sent to the Sanitary Commissioner who will consolidate the figures and send them to Government with a brief memorandum within three days of the receipt of the reports.

The Deputy Commissioners are requested to report the action taken by them in this connection together with full particulars as regards the outbreak of this disease and the number of victims it has claimed in each district before the end of October. They are also requested to apply for additional funds promptly if need be and submit a report when doing so as to how the present allotment has been utilised.

By Order,
P. G. D'SOUZA.
For *Chief Secretary to Government.*

To—The Senior Surgeon in Mysore.
The Sanitary Commissioner in Mysore.
The Deputy Commissioners of Districts.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 4488-555—G. M. 253-11.4, dated 7th February 1913 prescribing revised rules for the grant of rewards for the destruction of wild animals in the State.

(2) Dasara Representative Assembly Subject No. 232 of 1916 in which it was represented that as in certain parts of the State the damage done by wild pigs to crops was considerable, special encouragement should be afforded to killing wild pigs by the offer of some rewards.

(3) Correspondence ending with letter No. H. C. 1348—Rev. 1916-17, dated the 9th July 1918 from the Deputy Commissioner, Shimoga District in the matter.

Order No. G. 7161-221—G. M. 593-16-12, dated Camp Mysore, 9th October 1918.

Government consider that wild pigs should be included in the list of wild animals for the killing of which rewards are given and are pleased to direct that for every wild pig killed in the districts of Mysore, Hassan, Kadur and Shimoga a reward of Rs. 2 may be given. No rewards need be given in other districts as it is reported that the damage done by these animals in them is inconsiderable and does not necessitate any special steps for killing them.

The provisions of the Government Order read above, *re* applications for reward, etc., will apply to applications under this order also.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Heads of Departments.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts except Kadur.
The Deputy Commissioner, Kadur District for communication to the member who proposed the subject.

PRESS TABLE.

Exd.—G. W. B.

No. 5040—L. R. 67-18-2, DATED 1ST OCTOBER 1918.

THE ANNUAL ADMINISTRATION REPORT OF THE INAM DEPARTMENT FOR THE YEAR 1917-18.

Mr. D. K. Darashah was the Superintendent of the Department till the 20th February 1918, from which date he availed himself of 6 months' leave, Mr. C. Rajagopalacharlu officiating as Superintendent to the end of the year under report.

2. During the year, 5 land Inams comprising an extent of 23 acres and 15 guntas and 200 dayas of garden land, assessed at Rs. 71-14-0 were newly confirmed with a combined quit-rent of Rs. 15.

Twenty-six land Inams were resumed to Government and struck off the Inam Registers during the year under report, on account of which the Inam revenue was reduced by Rs. 108 while there was a corresponding increase of Rs. 391-15-0 under Land Revenue in the shape of assessment.

3. Three whole Inam villages and 20 minor land Inams were revised during the year under report. The net result of the revision was that the combined quit-rent was reduced by Rs. 47-15-0.

Besides the above, two ready money Inams of Rs. 173 and Rs. 104-12-0 were increased each by Rs. 15 per annum as per Government orders.

4. The number of quit-rent Registers prepared during the year was 23 for confirmed cases and 130 for resumed and struck off cases. Besides these 750 supplemental quit-rent registers and correction statements were prepared and issued during the year on the basis of Puravani Tarav Patriks, Government orders, etc.

5. During the year under report, 28 final title-deeds for minor Inams in Government villages were issued.

6. Out of the 22 taluks into which the Revision Survey Settlement had been introduced up to the end of 1914-15, the revised final quit-rent registers of 7 taluks were compared with the Jodidar Patriks, differences were investigated and necessary alterations effected in the quit-rent registers. These together with the registers that were completed up to the end of 1916-17 make up a total of 20 taluks leaving those of Bangalore and Tumkur still to be dealt with. Besides the above, the final quit-rent registers of Koppa and late Harnahalli and Banavar Taluks were overhauled and brought up-to-date when the revision survey settlements were conducted in the taluks in the course of the year.

7. The amount of correspondence, both English and Vernacular was 2,034 as against 2,005 in the year previous. Searching of old records required for reference by private parties and by various Government Departments, as usual, took up much time and labour.

8. There was a decrease of Rs. 140-15-0 in Inam Revenue in the year as shown below :—

		Rs.	a.	p.
Quit-rent on newly confirmed Inams	..	15	0	0
Deduct on account of resumptions, etc.	..	108	0	0
Ditto revision	..	47	15	0
Total	..	155	15	0
Net decrease	..	140	15	0

9. The cost of the Department for the year was Rs. 3,487-5-5 as against Rs. 3,532-9-3 in the year previous.

10. The total cost of the Department from 1868 up to the end of the year, under report, was Rs. 12,04,002-5-5 and the total annual recurring revenue is Rs. 2,69,231-11-7.

11 There were no amendments to make in the statement of a landed property held by the staff of the Department during the year.

12. The special work for which one temporary hand was entertained for a period of 4 years in Government order No. R. 4890-2—L. R. 570-14-4, dated 19th November 1915 is almost complete, excepting the revision of the final quit-rent registers of 2 taluks, *viz.*, Bangalore and Tumkur which will be dealt with as the Jodidar Patriks are received from the Revenue authorities to whom reminders have been issued. I hope to report at the right time on the proposal for amalgamating the Inam Department with the Revenue Survey as already stated in my letter No. 50, dated 26th November 1917.

13. In conclusion, I am glad to state that the Manager and the staff have worked willingly and well.

Duties of Personal Assistants.

No. R. 5104-11—L. R. 281-18-1, DATED 2ND OCTOBER 1918.

READ—

Government Order No. G. 16146-195—G. M. 584-16-1, dated 28th May 1917, sanctioning amongst other things, four additional Assistant Commissioners for employment as Personal Assistants to the Deputy Commissioners of Bangalore, Tumkur, Mysore and Shimoga.

Order No. R. 5104-11—L. R. 281-18-1, dated 2nd October 1918.

Government are pleased to issue the following instructions regarding the duties of Personal Assistants:—

Personal Assistants are given expressly with the object of relieving Deputy Commissioners of routine work, and the Treasury Assistant Commissioner of all kinds of miscellaneous work which he has now to attend to when the Deputy Commissioner goes on tour. They are also expected to exercise effective supervision over the Deputy Commissioner's whole office establishment, systematise and co-ordinate the office administration, guard against delay and unbusinesslike methods of dealing with papers; and will also be available for any special work outside headquarters which the Deputy Commissioner may deem fit to give them.

2. Personal Assistants should not be placed in charge of the taluks now under the direct charge of the Deputy Commissioners without the specific sanction of Government in any case.

Government Order No. R. 7604-13—Agri. 26-17-4, dated 25th January 1918, issuing instructions in the matter of exchanging intimation regarding cattle diseases, with the Government of Madras.

2. Letter No. 6480, dated 18th September 1918, from the First Assistant to the Hon'ble the Resident in Mysore, forwarding a copy of the order of the Government of Bombay in the matter of co-operation between different Provinces and Native States in dealing with infectious diseases in horses and cattle, and stating that the Government of Bombay consider that it would be convenient if the information concerning the diseases in question could be exchanged between the Chief Veterinary authorities, instead of between the District Officers.

Order No. R. 5149-58—R. M. 30-18-3, dated 3rd October 1918.

The arrangement suggested by the Government of Bombay, will be adopted.

2. The Revenue Commissioner in Mysore, is requested to issue the necessary instructions to the Superintendent of the Civil Veterinary Department in Mysore, to receive and transmit the information referred to above, in direct correspondence, with the Chief Veterinary Officer in the Bombay Presidency. In the case of the horses belonging to the Military Department, the Chief Commandant in Mysore, is requested to give prompt intimation of such cases to the Superintendent, Civil Veterinary Department.

3. The Deputy Commissioners of the several districts will continue to send intimation in the matter to the Madras authorities as directed in the order dated 25th January 1918, read above.

No. 3174-5—EDN. 123-17, DATED 3RD OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 9258-9—Edn. 123-17-11, dated the 15th March 1918, indicating the policy to be followed in regard to the opening of new schools and the improvement of existing schools, stating that as it is the policy of Government to encourage private enterprise as much as possible in opening new Elementary Schools, the conversion of existing aided schools into Government Institutions should be confined for the present to schools for Girls' Panchama and other depressed classes, and requesting the Inspector-General of Education to submit revised proposals in the light of the above observations.

2. Letter No. 25499—910, dated the 23rd April 1918, from the Inspector-General of Education, submitting revised proposals for opening new schools during the year 1917-18 at a cost of Rs. 18,738 per annum.

3. Letter No. A. C. 1749, dated the 12th August 1918, from the Inspector-General of Education submitting proposals for opening new schools and converting certain aided Village Elementary Schools into Government Schools during 1918-19, in the Bangalore circle at a cost of Rs. 30,891 per annum.

4. Correspondence ending with letter No. A. C. 1689, dated 20th August 1918, from the same officer reporting that in the Mysore District a certain number of Panchama Schools have been opened by the Deputy Commissioner in anticipation of sanction, and requesting early orders on his proposals as the salaries of the masters of those schools have not been disbursed for want of Government sanction.

Order No. 3174-5—Edn. 123-17, dated 3rd October 1918.

Government have carefully considered the proposals of the Inspector-General in regard to opening new Schools and the conversion of aided schools into Government schools and are pleased to direct that for the present schools intended for depressed classes and the Girls' schools which have been made over by the Mission authorities may be converted into Government Schools. The number of Panchama schools and other depressed classes schools recommended to be opened during 1917-18, including those to be converted into Government schools is 66 as per list appended and the total cost involved is Rs. 9,048 per annum. Government are pleased to approve of the proposals of the Inspector-General in regard to these 66 schools. As regards the Girls' Schools, the Inspector-General of Education is requested to submit separate recommendations for the orders of Government.

2 In order to meet the growing demand for Panchama schools and with a view to enable the Inspector-General of Education to open such schools, wherever necessary, with as little delay as possible, Government are pleased to empower the Inspector-General of Education during the current year to open Panchama schools in anticipation of sanction in places in which there is likely to be a minimum attendance of 25 students, subject to the conditions that the budget provision is not exceeded and a report is submitted to Government within one month of the date of opening such schools.

3. The cost on account of the above schools during the current year will be met from the provision of Rs. 50,000 under 'Depressed Classes Education' in the budget of the Education Department for 1918-19.

P. G. D'SOUZA,
Secy. to Govt. Depts. of Edn. and Agriculture.

Central Panchama Educational, Industrial and Training Institute.

No. 30-2—Edn. 27-18, dated Camp Mysore, 16th October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 7086-7--Edn. 251-12-2, dated the 5th March 1913, sanctioning among other matters the establishment of a Central Boarding School for Panchama students at Mysore.

2. Government Order No. 5297-8—Edn. 150-14-2, dated the 10th June 1915, fixing the scale of establishment of the Central Panchama Boarding School for a period of three years from the 1st July 1915.

3. Government Order No. 10985-8—Edn. 42-17-104, dated the 2nd May 1918, sanctioning a special allotment of Rs. 50,000 for 1918-19 for the advancement of the Education of Panchamas.

4. Government Order No. 2025-6—Edn. 42-17-126, dated the 31st August 1918, sanctioning the opening of Upper Secondary Classes in the Central Panchama School as a first step to the development of the Institution.

5. Letter No. 604-75, dated the 5th July 1918, from the Inspector-General of Education, submitting proposals for the development of the Central Panchama Boarding School at Mysore into a Central Panchama Educational, Industrial and Training Institution at a cost of Rs. 37,124 recurring and Rs. 32,500 non-recurring.

(In extenso.)

Order No 30-2—Edn 27-18, dated Camp Mysore, 16th October 1918

The proposals of the Inspector-General of Education are comprehensive and provide for the development of the Institute in the several important branches of Education. They provide for English Education up to the Lower Secondary Standard, Higher Vernacular Education and courses in the useful industries.

2. Government are pleased to approve generally of the scheme furnished by the Inspector-General of Education and sanction the proposals as a whole. Such parts of the scheme as have been already brought into operation will be merged in the general scheme and the total recurring cost will be fixed at Rs. 37,124 when the scheme as a whole is given effect to, the expenditure during the first year being limited to Rs. 25,000 inclusive of the expenditure now incurred on the institution

3. Government are pleased to direct that the question of constructing a building may be dealt with separately in consultation with the Public Works Department. The other items of non-recurring expenditure amounting to Rs. 7,500 are also sanctioned.

4. The Inspector-General of Education is requested to obtain sanction separately for the expenditure to be incurred during the first year and to take steps to see that the scheme is introduced with effect from the 1st January 1919. The Inspector-General of Education is requested to submit half-yearly report regarding the working of the Institution.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.
The Comptroller to the Government of Mysore, through the Financial Secretariat.
The Chief Engineer in Mysore.

Exd.—K. P. S.

No. 30-2—Edn. 27-18, dated Camp Mysore, 16th October 1918.

Letter No. 604—25, dated 5th July 1918, from the Inspector-General of Education in Mysore, to the Secretary to Government, Departments of Education and Agriculture in Mysore.

In continuation of this office Camp letter No. 32, dated the 26th June 1918, submitting for sanction a statement showing the immediate requirements in connection with the organization of the Central Panchama Educational, Industrial and Training Institute, Mysore, at a cost of Rs. 5,384 per annum recurring and Rs. 3,800 non-recurring with a view to start the Junior Upper Secondary class immediately this year, I have the honor to bring to the notice of Government that if the Institute is to be fully developed on the lines of the proceedings of the informal meeting of the people interested in Panchama Education held at Mysore on 25th June 1918, a copy of which was submitted to Government with this office letter No. 31, dated 26th June 1918, all the preliminary steps will have to be taken now alone, details worked out and orders obtained in respect of necessary funds. Proper staffing of the institute and providing temporary accommodation for General Education classes and Industrial classes and Boarding establishment with facilities for gardening, etc., require much time and labour. Also acquisition of required site and preparation and scrutiny of plans and estimates for the necessary buildings will take a long time before the work can be taken on hand.

2. Hence I request that Government may be pleased to pass early orders on the subject and approve of the details of expenditure noted in the enclosed list proposed and decided at the special meeting after long discussion.

3. Further, sanction may kindly be accorded to the following resolutions:—

(1) That the present Panchama Boarding School at Mysore be absorbed into the new school to be started.

(2) That a Board of Visitors consisting of the following gentlemen be requested to supervise the working of the institution.

Mr. H. Nanjundaraja Urs (President).
„ K. Matthan (Vice-President).
Rev. G. W. Sawday.
„ H. Spencer.
An Officer from the Agricultural Department.
Mr. C. M. Vijayaraghavachar (Circle Inspectors of Bangalore and Mysore).
All the Economic Superintendents of the Districts (or the Deputy Commissioners).
Mr. D. Venkataramiya, Principal, Training College.
„ S. Srinivasa Rao (Secretary) (Allowance of Rs. 30).
All the members of the present Managing Committee of the Panchama Boarding School to be *Ex-officio* members of the Board of Visitors.

(3) That the present Managing Committee be continued as such to manage the affairs of the institution, with Mr. K. Matthan as an additional member.

(4) The Board of Visitors meet once a year in dasara to discuss important points connected with the Institution.

(5) That the Institution be located in Mysore as a large number of Panchamas live in that district.

(6) That a building may be constructed for a school at a cost of Rs. 25,000 on the Municipal site near the Sericultural Farm at the southernmost road of the Lakshmipuram extension which is about 8 to 10 acres in extent.

(7) That the school be exclusively for Panchamas as other depressed class people who are caste Hindus are not likely to mix with them.

(8) That the following Industries together with General Education be taught in the school:—

(i) Boot and shoe-making.
(ii) Weaving.
(iii) Carpentry and Smithy.
(iv) Tailoring.
(v) Agriculture and Sericulture (Compulsory).
(vi) Brick-laying and house-building.

(9) That it be an Anglo-Vernacular Lower Secondary School, with Upper Secondary and Normal Training Classes attached to it.

(10) That it shall be a sort of residential boarding institution and when sufficient number of teachers are trained similar and smaller institutions be opened in moffusil.

(11) That the boys who pass the English Lower Secondary Examination be drafted to High Schools and those who pass the Kannada Upper Secondary Examination be sent out as teachers in the smaller institutions to be opened in the moffusil.

(12) That the present school confined to Panchama boys and that a recommendation be made to Government to open a separate institution on similar lines for Panchama girls in the Mysore City.

(13) The proposed building shall contain the following accommodation:—

1. Dormitories.
2. Kitchen and dining blocks.
3. Superintendents quarters.
4. Nine class rooms.
5. Four Industrial sheds.
6. One store room attached to each of the 4 sheds.
7. A Science hall.

(14) That the building, except the Science hall, be a *Katcha* building constructed in a simple manner.

(15) That in regard to trades to be taught in the school as far as possible working with improved machinery be introduced.

(16) That the food given at the boarding house be of the simplest vegetarian kind (Ragi and one vegetable) with rice and meat once a week.

(17) That in addition to free boarding, lodging and clothing to the boys, the parents of the boys in the Upper Secondary and High School classes be given an allowance of one rupee per month as an inducement to send their boys to school.

(18) The boys be given travelling expenses to and from their homes twice a year.

(19) The Superintendent of the School should also do the work of an employment bureau to provide employments to the students of the school when they go out.

I also request that His Highness the Maharaja and His Highness the Yuvaraja be kindly approached to graciously consent to become Patron and the Vice Patron of the School, respectively.

4. It is proposed to have in the institute four main branches, (1) Anglo-Vernacular classes up to the fifth, (2) Vernacular, Middle and Upper Secondary Classes, (3) Training Classes of the Lower Secondary and Upper Secondary grades and (4) Industrial Education including Agriculture and Sericulture (compulsory for all students).

5. The additional establishment that Government may be pleased to sanction on the recommendation already made in the letter of the 26th June 1918, already quoted will be treated as temporary and will be absorbed in the exhaustive scheme now placed before Government at an annual cost of Rs. 37,124 recurring and Rs. 32,500 non-recurring.

6. As the subject is a very important one, affecting the Panchama Eucation of the whole State, I need hardly urge the necessity of passing very early orders so as to enable me to complete arrangements by providing buildings, engaging staff, etc., in order to open the classes in May 1919.

No.	Recurring	Average annual cost
		Rs.
1	Cost of boarding 200 pupils at Rs. 5 per head per month ..	12,000

Conversion of certain rural Anglo Vernacular Schools into Government Institutions.

No. 3576-7—Edn. 83-18-2, dated 26th October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. A. C. 1276, dated the 29th July 1918, from the Inspector-General of Education in Mysore, regarding the conversion of certain aided rural Anglo-Vernacular Schools into Government Institutions.

Order No. 3576-7—Edn. 83-18-2, dated 26th October 1918

The Inspector-General of Education reports that in the 19 Government rural Kannada Schools mentioned in the accompanying statement, English classes have been working successfully on the grant-in-aid system for more than three years and recommends that these institutions may be converted into Government Anglo-Vernacular Schools and the marginally noted additional establishment and other charges sanctioned for each school. The proposal involves an additional recurring expenditure of Rs. 13,680 per annum as against which a sum of Rs. 6,672 is already given as a grant to these institutions which will be set free after their conversion into Government Schools and a sum of about Rs. 6,072 per annum represents the fee income realised. The net additional cost to Government is therefore calculated not to exceed Rs. 950 a year.

	Rs.
1 Head Master	on 30
1 Assistant Master	on 20
1 Peon	on 7
Contingency	3
Total 60 per month.	

The recommendation of the Inspector-General of Education is sanctioned, the extra cost during the current year being met by reappropriation of sanctioned grants in the budget of the Education Department, the exact source being pointed out by the Inspector-General of Education to the Comptroller direct.

Additional Grants to Commercial Departments.

No. Fl. 1879-928—G. F. 228-17-2, dated 5th October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Para 22 of Government Order No. Fl. 6779-828—G. F. 39-17-1, dated the 13th May 1918, prescribing that additional expenditure during the year current for which no provision has been made in the estimates should not be proposed and cannot be sanctioned, unless the amount required can be met by reappropriation.

2. Extract from the proceedings of the meeting of the Finance Committee held on 30th March 1918, recommending the introduction of a definite rule for giving additional grants to Commercial Departments, like the Forest Department, which may require such assistance for undertaking large contracts expected to bring in additional revenues to the State.

Order No. Fl. 1879-928—G. F. 228-17-2, dated 5th October 1918.

Under the Financial Settlement Scheme additional expenditure during the year current for which no provision has been made in the estimates should not be proposed and cannot be sanctioned, unless the amount required can be met by reappropriation. The grants to departments for expenditure are limited by the funds available under the group in accordance with the assignment. It is pointed out that the Commercial Departments of Government may occasionally require during the course of the year, after the budget programme is fixed, additional grants for undertaking large contracts, which bring in additional revenue to the State within a short time, and that financial facilities should be given to the Departments for undertaking such contracts. Government consider it desirable that provision should be made in the scheme of Financial Settlement for addition to the budget grants being made to Commercial Departments under the special circumstances pointed above. The additional funds required may be provided for either as advances to be adjusted within a short period not exceeding six months or by means of extra grants from the special reserve for non-recurring expenditure, whenever the balance under that reserve admits of such grants being made. When grants are made from the special reserve, that fund should be reimbursed as soon as the expected revenues are realized.

The Comptroller to Government is requested to issue needful amendments to the Mysore Treasury Manual.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

GENERAL AND RI

Read—

Government Order No. 3333-45—Edn. 103-15-7, dated the 27th September 1918, passing orders regarding the re-organization of Sanskrit Education in the State.

Order No. 3583-5—Edn. 125-17-39, dated 26th October 1918.

Government have, in the order read above, stated that it is inexpedient to make any material changes in the system of management of the two Sanskrit Colleges at Bangalore and Mysore. As regards the other Sanskrit Institutions in the State, the Muzrai Superintendent suggests the desirability of placing them all under the control of the Muzrai Department, while the Inspector-General of Education is not for reasons given by him in favour of such a proposal except as regards the Melkote Patasala. Government agree with the Inspector-General of Education and are accordingly pleased to direct that the said Patasala be transferred to the Muzrai Department, the remaining institutions being continued under the Education Department as heretofore.

Library and Publication Branch of the Office of the I.-G. of Education.

No. 35-6—Edn. 27-17-239, dated Camp Mysore, 17th October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 23193—807, dated 26th March 1918, from the Inspector-General of Education in Mysore, submitting proposals for the reconstitution of the Translation Branch and Library of his office to "The Library and the Publication Branch" at a cost of Rs. 3,832 recurring and Rs. 2,000 non-recurring. (In extenso.)

Order No. 35-6—Edn. 27-17-239, dated Camp Mysore, 17th October 1918.

With a view to facilitate the preparation and publication of departmental text books and books in Kannada on Science and other modern subjects, the Inspector-General of Education proposes the revision of the scale and pay of the establishment of the Translation Branch and Library of his office as indicated below:—

Present Scale	Average cost	Proposed Scale	Average cost
	Rs.		Rs.
Kannada Translator in grade 100—10—150 ..	133⅓ per mensem	Librarian and General Editor of Departmental publications in grade 150—10—200 ..	183⅓ per mensem
Assistant Translator in grade Rs. 60—6—90 ..	80 ,,	Oriental Assistant in grade 75—10—125.	108⅓ ,,
Proof reader and Librarian on Rs. 20 per mensem ..	20 ,,	English Assistant in grade 75—10—125.	108⅓ ,,
		Proof Reader on Rs. 40 ..	40
		One clerk on Rs. 30 ..	30
		Do ..	25
		Two peons on Rs. 8 each ..	16

For the issue of periodical circulars to the Departmental officers containing the latest information on educational subjects and for introducing the Card index system, the Inspector-General proposes that the annual provision of Rs. 1,000 for the purchase of books for the Library may be increased to Rs. 1,500. He further recommends a non-recurring grant of Rs. 2,000 for the purchase of a good type-writer, cyclostyle, cards and card-trays and the publication of the catalogue of the Library.

2. Government are pleased to sanction these proposals for a period of three years at a cost of Rs. 3,832 recurring and Rs. 2,000 non-recurring. The establishment will be treated as temporary and renewed from year to year, the cost during the current year being met by re-appropriation or by an extra grant from the balance at the credit of the group "Moral and Material Progress."

3. The Inspector-General's proposal to appoint the Librarian and General Editor of Departmental Publications as the *ex-officio* Secretary to the Text Book Committee is approved. The question of appointing him also as *ex-officio* Registrar of Authorised Publications is reserved for further consideration.

No. 35-6—Edn. 27-17-239, dated Camp Mysore, 17th October 1918.

4. The Inspector-General is requested to submit a programme of work for the Library and Publication Branch for the information of Government, and to submit half-yearly reports of progress.

P. G. D'SOUZA,
Secy. to Govt., Depts of Edn. & Agri.

To—The Inspector-General of Education in Mysore.
The Comptroller, Mysore Government, through Financial Secretariat.

Exd.—C. R.

Copy of letter No. 23193—807, dated 26th March 1918, from the Inspector General of Education in Mysore, to the Secretary to Government, Departments of Education and Agriculture in Mysore, Bangalore.

With reference to your letter No. 553-565—E. A. G. 84, dated 9th October 1917, and letter No. 966-974—E. A. G. 84, dated 4th January 1918, requesting me to give my opinion on the Note for improving office libraries forwarded with the first of the above letters and to furnish an estimate of the capital expenditure and the annual charges required for adequately equipping and maintaining the Departmental Library, I have the honor to inform you that I am in entire agreement with the principles enunciated in the Note under reference. In regard to the cost of equipment and maintaining the Departmental Library I beg to state as follows:—

2. The present Office Library and the Departmental Library known as the Educational Library, are now attached to the Translation Branch of this Office. This Branch consists of a Kannada Translator in the Rs. 100—10—150 grade, an Assistant Translator in the Rs. 60—6—90 grade and a Proof reader and Librarian on Rs. 20 per mensem. Statement marked A showing the nature of the work done by each of these is herewith enclosed. The Library is under the direct charge of the Proof reader and Librarian whose post was created in Government Order No. 5168-69—Edn. 191, dated 12th October 1900, and the Kannada Translator is expected to supervise the Library. Ever since the Kannada Translator's Office came into existence in 1892, the work under all heads has been steadily increasing and I am of opinion that it is now necessary to develop and re-organize the present Library and Translation Branch on the lines shown hereunder, so as to make the work of this Branch thoroughly effective.

3. The name of this Branch of the Office will hereafter be changed into "Library and Publication Branch". It may consist of a Librarian and General Editor of Departmental Publications, an Oriental Assistant, an English Assistant, a Proof Reader, two clerks and two peons.

(i) The Librarian and General Editor of Departmental publications will generally supervise the work of the whole Branch including the literary work. Besides attending to the duties laid down in para 7 of the note on office Libraries, he will conduct a stock-taking of the Library during the first week of April every year and submit a report to the Inspector-General of Education. He will write Kannada books either original ones or adaptations from English Originals and revise the Departmental text books from time to time so as to bring them up to date. He will also furnish Kannada Translations to Departmental circulars, notifications and reports whenever necessary, compile the Kannada texts for the Lower Secondary Examinations and for the IV, V, and VI Forms of High Schools. In addition to the above duties, he will arrange with competent scholars for the production of Kannada books of modern interest and of an advanced character and will be the *ex-officio* Secretary to the Text Book Committee.

The present arrangement under which the responsibility in the matter of registration of copy-right of publications in the State is divided between the Superintendent of the Government Central Press, Bangalore, who is the *ex-officio* Registrar of Authorised Publications, and the Kannada Translator of this department, is not satisfactory. I beg to propose therefore, that the functions of these two officers in respect of registration of Authorised Publications, may be combined in one office, *viz.*, the Librarian and General Editor of departmental publications, who may be made *ex-officio* Registrar of Authorised Publications.

No. 35-6 - Edn. 27-17-239, dated Camp Mysore, 17th October 1918.

Formerly the Kannada Translator of this department was placed in the grade of Rs. 100—10—150 and continued to be in that grade for a number of years. By Government Order No. 3864-65—Edn. 81-14-2, dated 9th April 1915, he was placed in the grade of Rs. 75—10—125 with a monthly local allowance of Rs. 25 attached. In accordance with the recommendation submitted in this office letter No. 15317—542, dated 30th December 1917, Government have recently in their No. 8848-91—Edn. 27-17-145, of 7th March 1918, been pleased to fix the pay of the Kannada Translator at Rs. 100—10—150 grade without any local allowance. In view of the fact that this officer is to be one combining in him various qualifications such as experience in Library Management, experience in editing books, and scholarship in Kannada, and as he is to perform the functions of the Registrar of Authorised Publications in the State, the pay of the post should be sufficiently attractive. I beg, therefore, to propose that the pay of the post may be fixed at Rs. 150—10—200.

(2) The Oriental Assistant to this officer will write original Sanskrit Text Books or will translate or adapt useful books into Kannada from Sanskrit as well as from Tamil, Telugu, Bengali and other vernaculars, and compile Sanskrit texts prescribed for the Lower Secondary Examinations and for the IV, V and VI Forms of High Schools. He will also assist the Librarian and General Editor of departmental publications in revising and editing Sanskrit books.

Considering that the duties of the Oriental Assistant to the General Editor of departmental publications will be of a very onerous character demanding exceptional linguistic abilities as well as oriental scholarship, I am of opinion that this officer should be placed in the grade of Rs. 75—10—125.

(3) For performing the other duties now devolving on the Kannada Translator, such as drawing up lists of approved text books for use in the Primary and Middle schools of the State, arranging for the review of books received for patronage and arranging for the printing of Departmental books, a graduate Assistant to be designated English Assistant, is necessary. He will, in addition to the above duties, assist the Librarian and General Editor of Departmental Publications in regularly preparing circulars of information consisting of important extracts from Educational Journals and in arranging to send them to all the Inspecting Officers and Head Masters of English and Kannada High Schools and District Normal Schools, so as to keep them in touch with the latest developments of educational theory and practice. His services will also be utilised in preparing a classified catalogue and authors' catalogue of books in the Educational Library, in drawing up the Annual Report of the Text Book Committee, in preparing the Review and Analysis of Authorised Publications and in performing such other work which cannot be entrusted to the clerical staff.

I beg to propose that this officer may also be placed in the grade of Rs. 75—10—125.

(4) As the number of departmental publications required for the use of the different schools in the State is increasing year after year, and the work of correcting the proofs is consequently growing in volume, the services of a whole time Pandit who has passed the Kannada Pandits' Examination, are necessary. His services may also be utilised in preparing for the Press manuscripts of text books in Kannada and Sanskrit and in preparing the Kannada extracts to be embodied in the circulars of information.

This Official may be designated Proof-Reader and may be given a fixed pay of Rs. 40 per mensem.

(5) The clerical staff will consist of two members. The first clerk will be required to carry on, under the instructions of the Librarian and General Editor of departmental publications, routine work connected with the Library such as keeping Library Records and registers, preparing overdue postals and issuing reminders, ordering and acknowledging supplies, checking of bills, doing the clerical work in connection with the catalogues, affixing labels, preparing lists of books to be rebound or discarded, typing and despatching circulars of information and distributing supplemental lists of books added to the Library from time to time.

The pay of this clerk may be fixed at Rs. 30 per mensem.

The other clerk will do the routine work of the present Kannada Translator's office such as maintaining the several registers, executing the orders passed on papers relating to the publication and patronage of books, fair-copying the proceedings of the meetings of Text-Book Committees and its several Sub-Committees taking cyclostyle copies of Circulars of information in Kannada, despatching books, etc., for review, recording the reviews when the same are received and helping the proof reader in the correction of proofs.

The pay of this clerk may be fixed at Rs. 25 per mensem.

A statement marked B showing the item of work to be attended to by each of the members of the above staff is also appended.

No. 35-6—Edn. 27-17-239, dated Camp Mysore, 17th October 1918.

(6) As much inconvenience is felt for want of a menial establishment in this branch, it is very necessary that two peons on Rs. 8 each per mensem should be appointed.

(7) At present there is an annual provision of Rs. 1,000 for the purchase of books, etc., for the Educational Library. Out of this, a sum of nearly Rs. 250 is being spent on the purchase of Educational Journals and a few newspapers. The balance is utilised in purchasing books and furniture for the Library. As it is intended to issue circulars of information from time to time so as to keep educational officers in touch with the latest information on subjects of educational interest and it is also intended to introduce the Card index system into the Library, an additional grant of Rs. 500 is required for the purchase of necessary materials for the type-writer and cyclostyle and for the purchase and preparation of cards. I request that the annual grant may accordingly be increased to Rs. 1,500.

(8) A lumpsum grant of Rs. 2,000 is also necessary for the purchase of a good type-writer, cyclostyle, cards and card-trays for the existing books and for printing the catalogues of books in the Library. The present catalogue of the Educational Library was printed as long ago as 1901 and a fresh edition thereof is urgently required.

4. The total cost of the present proposals will work out as detailed below:—

Present cost		Proposed cost	
	Rs.		Rs.
Kannada Translator in Rs. 100—10—150 grade ..	133⅓ per month.	Librarian and General Editor of Departmenal Publications in Rs. 150—10—200 grade ..	183⅓ per month.
Assistant Translator in Rs. 60—6—90 grade.	80 per month.	Oriental Assistant in Rs. 75—10—125 ..	108⅓ do
Proof Reader and Librarian on Rs. 20 per month ..	20 per month.	English Assistant in Rs. 75—10—125 ...	108⅓ do
Annual Grant of Rs. 1,000 ..	83⅓ per month.	Proof Reader on Rs. 40 per mensem.	40 per mensem.
		One Clerk on Rs. 30 per mensem ..	30 per month.
		One Clerk on Rs. 25 per month ..	25 do
		Two peons on Rs. 8 each per month ..	16 do
		Annual grant of Rs. 1,500 ..	125 do
	Total Rs. 316⅔ per month.		Total Rs. 636 per month.
	Rs. 3,800 per annum.		Rs. 7,632 per annum.

5. The necessary recommendations for filling up the posts of the Librarian, the Oriental Assistant and the English Assistant will be submitted after sanction is accorded to the above proposals.

6. I am convinced that by means of reorganising the present Kannada Translator's office and the Educational Library on lines detailed above, the work of preparation and publication of departmental books and of the library will be rendered more efficient and request that Government may be pleased to accord their early sanction to the proposals.

7. I may add that a building designed for Library purposes is also necessary and this matter cannot be delayed without impairing the efficiency of this branch. In case a new Educational Office building is going to be provided, I shall submit a sketch of a comprehensive design well suited for the special needs and requirements of this office.

No. 35-6—Edn. 27-17-239, dated Camp Mysore, 17th October 1918.

(A)

STATEMENT OF WORK OF THE TRANSLATION BRANCH AS IT OBTAINS AT PRESENT.

I. Kannada Translator.

1. Revising, editing and passing through the press all Departmental books in English, books on Arithmetic, Algebra and Geometry, Hygiene, Drill, Needlework, Cookery and on subjects other than those assigned to the Assistant Kannada Translator.
2. Reviewing such of the books received for patronage, as are not sent to any of the Sub-Committees or specialists.
3. Revising and annotating the quarterly catalogues of publications registered in the State.
4. Preparing the Review and Analysis of Publications registered in the State.
5. Convening meetings of the Text Book Committee and of its several Sub-Committees and keeping record of the proceedings of such meetings.
6. Drawing up the Annual Report of the Text Book Committee.
7. Arranging for the despatch of books received for patronage to the several Sub-Committees or specialists for opinion.
8. Furnishing Kannada Translations to Departmental Circulars, Notifications and reports when necessary.
9. Drawing up notes and Memoranda on important files referred to him.
10. Preparing or revising every year a list of approved Text Books for use in Primary and Lower Secondary Schools of the State.
11. Arranging for the writing of new books or for the revision of old ones.
12. Compiling Kannada texts (Poetical selections) for the Lower Secondary Examination and for the IV, V and VI Forms of High Schools.
13. Submitting papers referred to him for orders, to the Inspector-General of Education or to the Deputy Inspector-General of Education.
14. Supervision of the Educational Library and of the Office Library.
15. Carrying on correspondence connected with the Text Book Committee and its several Sub-Committees.

II. Assistant Translator.

1. Translating useful works into Kannada from Bengali, Sanskrit, Tamil, etc.
2. Reviewing Bengali, Sanskrit, Tamil, Marathi, etc., books and Magazines.
3. Revising, editing and passing through the press all Departmental Sanskrit books, Kannada Reading Books (Prose) and books on Kannada Grammar and Composition, History, Agriculture, Singing and Moral and Religious subjects.

III. Proof Reader and Librarian.

1. Ordering for books required for the Libraries in accordance with the orders of the Inspector-General of Education.
2. Taking the books to stock.
3. Classifying the books and entering the names of books in the Catalogue.
4. Preparing monthly lists of accessions to the Libraries.
5. Distributing printed copies of such accession lists among certain educational officers and institutions.
6. Maintaining Registers connected with the Library such as Accession Register, Loan Register, Register of Journals received, etc.
7. Attending to the visitors to the Library and lending books according to requisitions from time to time.
8. Issuing reminders from time to time.
9. Picking out books for ready reference to the Inspector-General of Education and to others in the office.
10. Submitting papers connected with the Libraries to the Inspector-General or Deputy Inspector-General of Education.
11. Reading of proofs of Departmental books.
12. Attending to the clerical work in connection with the Kannada Translator's duties.

(B)

STATEMENT OF WORK OF THE LIBRARY AND PUBLICATION BRANCH UNDER THE RE-ORGANISATION SCHEME.

I. Librarian and General Editor of Departmental Publications.

1. Getting up-to-date lists, catalogues and bibliographies and making a judicious selection of books to be purchased.

No. 35-6—Edn. 27-17-239, dated Camp Myosre, 17th October 1918.

2. Arranging for the loan and recovery of books.
3. Eliminating useless and obsolete books.
4. Taking stock of books every year in April and submitting a report to the Inspector-General of Education.
5. Supervising the preparation of Circulars of information.
6. Writing Kannada books.
7. Revising Departmental Text Books.
8. Furnishing Kannada translations to Departmental Circulars, Notifications and Reports.
9. Compiling Kannada Texts for the Lower Secondary Examination and for the IV, V and VI Forms of High Schools.
10. Arranging for the writing of Kannada books of modern interest and of an advanced character.
11. Attending to the duties of the Registrar of Authorised Publications in addition to those of revising and annotating the Quarterly Catalogues.
12. Generally, supervising the working of the Library and Publication Branch.

II. The Oriental Assistant.

1. Writing Orginal Sanskrit Text Books.
2. Translating useful books into Kannada from Sanskrit, Tamil, Telugu, Bengali and other vernaculars.
3. Compiling Sanskrit Text Books for the Lower Secondary Examination and for the IV, V and VI Forms of High Schools.
4. Editing and revising Sanskrit books.

III. English Assistant.

1. Drawing up lists of approved text books for use in Primary and Middle Schools.
2. Arranging for the review of books received for patronage.
3. Arranging for the printing of Departmental Books.
4. Preparing classified and Author's catalogue.
5. Drawing up the annual report of the Text Book Committee.
6. Generally, assisting the Librarian and General Editor.

IV. Proof Reader.

1. Reading Proofs.
2. Preparing manuscripts of Text Books in Kannada and Sanskrit for the Press.
3. Preparing Kannada Extracts for Circulars of information.

V. First Clerk.

1. Keeping Library records and registers.
2. Issuing reminders.
3. Ordering and acknowledging supplies.
4. Checking of bills, affixing lables, etc,
5. Preparing lists of books to be rebound or discarded.
6. Typing and despatching Circulars of information.
7. Distribution of supplementary lists of books added to the Library.
8. Generally, attending to all clerical work connected with the Library.

VI. Second Clerk.

1. Maintaining the several registers in connection with preparation, prescription and patronage of books.
2. Taking cyclostyle copies of circulars of information in Kannada.
3. Despatching books, etc., for review.
4. Recording the reviews on their receipt.
5. Assisting the proof-reader in the correction of proofs.
6. Generally, attending to all clerical work in connection with preparation, prescription and patronage of books.

Report on the working of the Meteorological Department for 1917-18.

No. 3480-2—A. & E.-47-18-3, DATED 22ND OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The report on the Administration of the Meteorological Department for the year 1917-18 received from the Meteorological Reporter to Government with his letter No 128, dated the 2nd September 1918.

Order No. 3480-2—A. & E. 47-18-3, dated 22nd October 1918.

Recorded.

2. In September 1917, Mr. Venkatesa Iengar, Meteorological Reporter, was appointed as Special Officer, for a period of one year, to assist the Inspector-General of Education in organising science instructions in the several grades of Education up to the High School stage and in the preparation of science text-books in Kannada in three grades. He continued however to be in charge of the Meteorological Department also.

3. During the year under review Government passed orders revising the scale of establishment of the Central Observatory and sanctioning increase of pay to the subordinate staff.

4. The work of inspection of rain gauges continues to be unsatisfactory. The percentage of stations inspected in the Kolar, Tumkur and Mysore Districts is 100, while in the other districts the percentage is considerably low, only 67 per cent of the stations being inspected in the Bangalore District. The average for the State has again fallen, being 89 as against 90 and 91 in the two preceding years. Out of 24 stations in the State which were not inspected during the year as many as 10 were in the Bangalore District. The Revenue Commissioner is requested to obtain and forward to Government the explanations of the officers responsible for this poor result.

5. The report does not state whether any action was taken regarding the suggestion made by Government in their review of the work of the Department for 1916-17, about supplying systematically meteorological information likely to be of use to the Agriculturist classes in Kannada. Government trust that the submission of proposals on this subject will be expedited.

6. Government are pleased to note that in other respects the work of the Department was satisfactory.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agril.

To—The Meteorological Reporter.
The Revenue Commissioner in Mysore.
The Director of Agriculture in Mysore.
THE PRESS TABLE.

Audit and Appropriation Report for 1916-17.

No. Fl. 1801-50—G. F. 19-17-6, dated 2nd October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Memo No. 1910, dated the 14th May 1918, from the Comptroller to Government submitting the Audit and Appropriation Report for 1916-17.

Order No. Fl. 1801-50—G. F. 19-17-6, dated 2nd October 1918.

In Government Order No. Fl. 2934-83—G. F. 19-17-3, dated the 17th December 1917, reviewing the report for 1915-16, the Comptroller to Government was required to submit the appropriation report in December of each year and publish it at the same time in the *Mysore Gazette*. The report was received in the Secretariat on 14th May 1918. It is hoped that the Comptroller will submit the reports in future on or before the due date.

2. *Changes in classification.*—During the year under review there were several important changes in the classifications of revenue and expenditure. The Revenue and Expenditure heads were re-arranged into different groups which bring out clearly what portion of the total resources of the State is being spent for the collection of its revenue and what amounts are being spent for meeting the charges for interest on debt and other obligations, for Civil Administration, for the protection of the people including army and defence, for ordinary irrigation and civil works, for moral and material development. The changes effected are described in detail in paras 7-15 of the Appropriation Report.

3. Another important change exhibited in the accounts is the appropriation made from the revenue account to certain annual reserves to safe-guard stability of the State in accordance with the Scheme of Financial Settlement sanctioned during last year (*vide* Government Order No. Fl. 6779-828—G. F. 39-17 1, dated 13th May 1918) but effect to which was actually given from the year 1916-17 so far as possible.

4. *General Financial Review.*—The budget estimate for 1916-17 provided for Revenue of 264·97 lakhs and for total expenditure of 252·01 lakhs on the Revenue Account, and for a Capital Outlay of 53·50 lakhs.

The actuals show that there was an increase both under revenue and ordinary expenditure to the extent of 34·09 lakhs and 22·98 lakhs respectively with a net improvement of 11·11 lakhs in the surplus.

The important variations in the actuals of revenue and expenditure have already been explained in Government Order No. Fl. 223-72—G. F. 107-16-16, dated the 13th July 1917, in comparing the revised estimate of 1916-17 with the budget of the year.

In respect of the surplus revenue for the assigned tract which was then expected to be less by 1½ lakhs as compared with the budget, the actuals show, however, an increase of 8½ lakhs over the budget, as the arrears due for the years 1910-11 to 1915-16, were received after the revised estimate was framed.

5. *Appropriation Audit.*- Of the excesses over the budget grants under the several heads of expenditure noted in para 17 of the Report as requiring Government sanction, there has been increase over the total allotment for certain Major Heads *viz.*, 4 Stamps, "12 General Administration, 23 Irrigation Works, 24 Civil Works and 35 Miscellaneous Railway Expenditure." The several excesses requiring sanction which are all unavoidable are hereby allowed to be finally admitted in audit.

6. The total amount placed under objection up to 30th June 1917, but remaining unadjusted on 31st October 1917, in the Civil Books was 3·22 lakhs against 1·51 lakhs in last year showing an increase of over 113 per cent. The major portion of the amount under awaiting clearance relates to the Military Department and Sandal Oil Factories, the former of which is responsible for 1·16,000 and the latter for Rs. 63,000.

No. Fl. 1801-50—G. F. 19-17-6, dated 2nd October 1918.

The Director of Sandalwood Oil Factories is requested to furnish full accounts for the expenditure incurred on revenue account of the factory to enable the Comptroller to finally audit the expenditure of Rs. 63,000 awaiting clearance.

7. Government note that the amount held under objection for want of detailed bills and vouchers is large amounting to 2·94 lakhs out of the total of 3·22 lakhs and they see no reason why the necessary bills and vouchers should not be sent to the Comptroller in time by treasuries and disbursing officers, as no payments can be made without proper vouchers being obtained.

8. In Government Order dated the 17th December 1917 the Comptroller had been requested to furnish Government with a special report in the matter of the removal of objectionable items of small amounts under the powers vested in him in Government Order No. Fl. 4275-323—G. F. 13-16-2, dated the 2nd February 1917.

A report of the action taken by him in the matter is awaited.

9. An analysis of the outstanding objections in the Public Works Department shows that the expenditure without estimates during the year under report is slightly more than in the previous year.

To bring the operations of the department in respect of P. W. works involving heavy outlay or productive in character, Government have directed the Comptroller to submit monthly reports to Government in the Financial Department pointing out the several items under objection for want of estimates and excess over estimates in respect of works costing over one lakh and all productive works. Arrangements have also been made to obtain quarterly from the Comptroller statements showing the inspection reports on the audit of accounts of Public Works and Divisional Offices not disposed of within three months and the important objections raised on which orders are required.

As a result of these arrangements, it is hoped that the objectionable items of expenditure in the Public Works Department will be considerably reduced in the next year's report.

10. Government observe that the amount under objection in the Cauvery Power Scheme in 1916-17 is much less than in the previous year, and that on 1st October 1917, there was no expenditure under objection on account of want of appropriation.

11. In the Railway Department, the number of items and the amount under objection for want of estimates and excess over estimates have largely increased during the year under report and Government expect that all necessary action will be taken in due time to avoid such irregularities as far as possible in future.

12. *Financial irregularities.*—The attention of all Heads of Departments is drawn to the several financial irregularities pointed out by the Comptroller in paras 25-31, 35-40, 45-45 and 48-52 of the Report and Government desire that all Heads of Departments will see that the standing orders are strictly observed and that necessary instructions are issued to their subordinate officers to guard against irregularities in future.

13. The Comptroller is requested to devote special sections or paragraphs of the report in reviewing the following classes of transactions.

(*a*) Accounts and objections of Open Lines of Railways.
(*b*) Objections on travelling allowance bills.
(*c*) Rush of expenditure in the last month of the year.

A clear statement should also be given as to whether all action required to be taken in respect of the report for previous years and the orders of Government thereon have been actually taken by the parties concerned and whether all points have been satisfactorily settled.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller to Government.
The Heads of Departments.
The Deputy Commissioners of Districts.

Compensation for dearness.

No. Fl. 2047-96—G. F. 5-18-29, dated the 23rd October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. Fl. 100-149—G. F. 5-18-1, dated 9th July 1918, sanctioning the rules in regard to the grant of grain compensation allowances to Government servants in accordance with the scale of allowances as in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain.

Order No. Fl. 2047-96—G. F. 5-18-29, dated 23rd October 1918.

In view of the exceptional conditions obtaining at present in the cities of Bangalore and Mysore, the Government of His Highness the Maharaja of Mysore are pleased to sanction the grant of compensation for dearness at the following rates irrespective of the price of any particular grain or commodity to all whole-time officials and menials in the two cities whose pay does not exceed Rs. 30 per mensem and who do not get any such allowance under Departmental rules:—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs. 3 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem, Rs. 1-8-0 per mensem.

2. When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring the aggregate pay and allowance to Rs. 6-8-0 per mensem.

3. The allowance is admissible to men who are officiating or in temporary employment and also to piece-workers in the Government Press, provided that they are drawing rates of salary which have been fixed with reference to normal circumstances but the allowance is not admissible to men absent on leave or under suspension or to part-time servants who are only engaged by Government for specific duties which do not prevent their earning money in other ways. In the case of men drawing overtime allowances such allowance should be taken into account in determining their pay for the purpose of this order.

4. The allowance will however be granted for one month at a time and separate orders will issue in the Financial Department.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Secretaries to Government.
The Revenue Commissioner in Mysore.
The other Heads of Departments.
The Comptroller to Government.
The Deputy Commissioners of Bangalore and Mysore.
The Deputy Commissioners of other Districts.

Read—

Government Order No. Fl. 100-149—G. F 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of Grain Compensation Allowance as per scale given in Article 72, Civil Account Code, Volume 1, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No. Fl. 2047-96—G. F. 5-18-29, dated the 23rd October 1918, sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two cities of Bangalore and Mysore.

Order No. Fl. 2177-226—G. F. 5-18-30, dated 28th October 1918.

In accordance with the orders read above, the grant of compensation allowance is sanctioned to the employees in the two cities of Bangalore and Mysore for the months of September and October 1918, and to those in the several taluks in the State for October 1918 as noted in Annexures A and B appended to this order and as indicated below.

(*a*) To the employees in the taluks in Annexure A, the allowance will be at the following rates :—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs. 2 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem Re. 1.

(iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

(*b*) To the employees in the cities of Bangalore and Mysore and the taluks in Annexure B, the above allowances will be raised to Rs. 3 and Rs. 1-8-0, respectively and the aggregate pay and allowance of servants on less than Rs. 5 per mensem brought up to Rs. 6-8-0 per mensem.

Fixing the normal capital programme of the State for a period of five years and the method of financing productive works.

No. FL. 2150-3—G. F. 186-15-5, DATED 24TH OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. S. 3425-3430 Ry. F. G. 42-16-17, dated the 15th May 1917 fixing the capital programme of Railway Expenditure at about Rs. 15 to 20 lakhs annually for the triennium ending 1919-20.

Order No. Fl. 21503—G. F. 1861-5-5, dated 24th October 1918.

The question of fixing the normal capital programme of the State, and the method of financing productive works has been under the consideration of Government for some-time.

2. The programme of capital expenditure is at present varying from year to year depending on the urgency and usefulness of the works undertaken, the rapidity of their execution and the extent of the funds that can be made available for them on a consideration of the Ways and Means position of the State at the time of the preparation of the budget.

3. In the scheme of Financial Settlement sanctioned in Government Order No. Fl. 6779-828 dated the 13th May 1918, provision has been made by setting apart in the revenue account of each year definite sums to form the interest and sinking fund reserves with a view to undertaking a liberal and continuous programme of capital expenditure that may be required for the development of the natural resources of the State.

4. It is now necessary to determine what the normal programme of capital expenditure should be from year to year and how such expenditure should be financed.

5. On a careful review of the financial position and the demands of the several departments for funds to be spent on productive works, Government are pleased to pass the following orders:—

(i) The normal programme of capital works for the next five years may be fixed at 70 lakhs per annum as shewn below:—

Railways	..	20 lakhs.
Irrigation	..	20 lakhs.
Electrical Works and ordinary industrial works	..	20 lakhs.
Contribution to a fund called the Industrial Development Fund, to be formed hereafter, in due course	..	10 lakhs.
Total	..	70 lakhs.

(ii) Other special and large industrial productive works requiring heavy outlay such as Iron Scheme and Bhatkal Project should be financed separately by loans raised for the particular purpose or otherwise.

(iii) The normal provision of 70 lakhs required for capital expenditure will, in the first instance, be met from the reserves and credit balances under departmental heads to the extent of about 40 lakhs and the balances of about 30 lakhs should be annually borrowed by issuing debentures and pronotes, preference in the matter of subscribing to these loans being given to capitalists and people of the State.

Review of Objectionable Expenditure and Irregularities in all Departments in the State.

No. Fl. 1928-77—G. F. 101-18-1, DATED 5TH OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

1. Government Order No. Fl. 1150-1192-18—1901-2, dated the 7th February 1903, prescribing the submission by the Comptroller of an appropriation report once a year, so as to bring to the notice of Government excesses over sanctioned budget grants as well as other important objectionable expenditure and irregularities in all departments.

2. Government Order No. 8487-527—Ml. 180-10-5, dated the 17th April 1911, directing Heads of Departments and Deputy Commissioners of Districts to report to Government on their occurrence or immediately on discovery all cases of embezzlement or loss of public money or stores resulting from fraud or the negligence of individuals or other causes.

3. Government Order No. Fl. 2324-9—G. F. 213-08, dated the 10th November 1910, desiring the Comptroller to submit to Government annually a report on the local audit and inspection of Offices setting forth the chief irregularities in accounts and objectionable items of expenditure.

4. Government Order No. Fl. 7800-49—G. F. 220-16-1, dated the 22nd June 1917, and Fl. 4438-47—G. F. 55-17-4, dated the 21st February 1918, directing the Comptroller to submit to Government in the Finance Department quarterly statements showing the inspection reports on the audit of the accounts in the Public Works and the Railway Divisional Offices, and in those of the Forest disbursing Offices not disposed of within three months and the important points on which orders are required, and an annual statement showing the divisions inspected, together with a brief account of the nature of the serious irregularities brought to notice and the general condition of the initial accounts maintained in each office.

5. Government Order No. Fl. 3214-5—G. F. 110-15-2, dated 3rd January 1918, asking the Comptroller to submit to Government for orders in the Finance Department a monthly report on the excesses over the estimates of Public Works costing over 1 lakh and of all productive works.

6. Government Order No. 6261-310—S. & A. 58-17-54, dated the 20th April 1918, desiring the Comptroller to specially bring to the notice of Government cases of delay in the disposal of pension applications involving more than six months.

Order No. Fl. 1928-77—G. F. 101-18-1, dated 5th October 1918.

Under the existing procedure important objectionable items of expenditure and other irregularities in the accounts of departments are being brought to the notice of Government in the Finance Department once a year in respect of all Departments and Quarterly or monthly in respect of only a few Departments. In important cases individual references to Government are also made and orders obtained.

2. It is found that under the present arrangement Government are not in possession of sufficient information to make a comparative review of the account and audit work in respect of all Departments in the State at regular intervals. Government have also observed that in some individual cases the laxity in the observance of rules, *e. g.*, incurring expenditure without sanction to estimates or proposition statements is brought to the notice of Government long after the due date.

3. With a view to avoid these defects and to ensure that all irregularities noticed by the audit and Accounts Department are dealt with by the Administrative Departments concerned promptly and that necessary orders are passed without delay, Government consider it desirable that a systematic review of objectionable expen-

diture and other irregularities in the accounts of all departments of the State should be made regularly once a quarter in the Finance Department.

4. The Comptroller is, therefore, requested to send up a consolidated quarterly report to Government in the Finance Department dealing with important irregularities in the accounts of all departments discovered in the course of audit or inspection or otherwise brought to his notice. The report should be sent before the 20th of the second following month after the close of each quarter. It will consist of several parts, each part relating to one subject as indicated below.

(i) All cases of embezzlements.

(ii) Loss of public money or stores of not less than Rs. 200 in amount, due to negligence of individuals or other cause.

(iii) Individual items of expenditure without proper sanction of Rs. 200 and over.

Note:—(This will include expenditure, in the Public Works and the Railway Departments, without estimates or proposition statements being sanctioned in due time.)

(iv) Excesses over the estimates sanctioned (1) For public works costing more than 1 lakh, (2) for productive works, (3) over the revised estimates of (1) and (2) above resulting in excess over the permissible percentage limits.

(v) Advances of amounts in excess of Rs. 200 unadjusted for over six months, and retrenchments in audit involving amounts of Rs. 200 and above not disposed of within three months.

(vi) Inspection reports of Officers subject to local audit of Public Works, Railways and Forest disbursing offices—not disposed of by departments or Secretariats concerned within three months of submission by the audit office.

(vii) Want of completion certificates of works on which there has been no outlay for over twelve months.

(viii) Delay in the submission of pension applications to Comptroller of over six months.

(ix) Gross violation of Financial Rules requiring stoppage of funds or prompt disciplinary action.

(x) Serious delays and irregularities in the matter of submission of returns, accounts and vouchers for audit.

5. In addition to the quarterly report herein prescribed, the Comptroller will submit to Government in the Finance Department not later than the 30th September a consolidated statement showing the several treasuries, divisions and offices including Municipal and District Fund Offices inspected by himself or his Assistants during the previous official year, the date of each inspection and the time taken together with a brief account of the nature of the serious irregularities brought to notice and the general condition of the initial accounts maintained. In respect of offices not visited during the official year an explanation as to why it has not been possible to inspect them should be given.

6. Together with this statement, the Comptroller will also furnish a brief confidential report in the form prescribed in the appendix to this order giving the names of the Officers in charge of each office having cash or stores transactions visited during the the year under report by the Audit Officers and his remarks as to how the initial registers and accounts are maintained.

7. All the returns and reports now required to be submitted by the Comptroller as directed in the several Government orders read in the preamble, except the appropriation report, will be discontinued in future. The annual appropriation report will continue to be submitted as a separate return in December in each year but it will not be necessary to include in that report an account of the financial irregularities noticed in audit.

8. The Government order of 17th April 1911 read in the preamble is unaffected by this order and Heads of Departments and Deputy Commissioners of

No. Fl. 1928-77—G. F. 101-18-1, DATED 5TH OCTOBER 1918.

Districts will report to Government cases of embezzlements or loss of public mo or stores and take all necessary action in the matter as heretofore.

9. The Comptroller will also bring to the notice of Government and obt orders on individual references as at present on all important matters of audit accounts, but in respect of such items it is sufficient if only a brief reference to previous correspondence or orders on them is made in the quarterly report of period concerned.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller to Government.
The Secretaries to Government.
The Heads of Departments.

Readjustment of the Periods of Dasara and Christmas Holidays.

No. 3503-4—EDN. 151-17-12, DATED 24TH OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. A. C. 991, dated the 26th September 1918, from the Inspector-General of Education in Mysore, recommending approval of the resolution of the Educational Conference that the period of Christmas holidays which consists of nine days from 24th December to 1st January of the following year and is granted to High Schools should be extended to sixteen days, the period of Dasara holidays being cut down from nineteen to fourteen days, so as to make these two periods of almost equal duration and stating that the effect of approving this proposal will be to increase the total number of holidays per year by two.

Order No. 3503-4—Edn. 151-17-12, dated 24th October 1918.

The recommendation of the Inspector-General of Education for the extension of Christmas holidays and reduction of Dasara holidays in High Schools is sanctioned.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.

Annual Statements of Loans and Advances under the several Heads for the year 1916-17.

No. Fl. 1862-71—G F. 127-17-4, dated 3rd October 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letters from the Comptroller No. Loans 1141, dated the 23rd January 1918, Loans No. 11, dated the 11th February 1918, and Loans No. 104, dated the 18th March 1918, submitting the annual statements of loans and advance under the several heads for the year 1916-17.

Order No. Fl. 1862-71—G. F 127-17-4, dated 3rd October 1918.

1 Recorded

2 The loans and advances reported upon in the letters read above fall under the following groups —

A Loans to societies and notabilities—

(1) Loans to Inamdars

(2) Loans to Agricultural Banks

(3) Loans to Co-operative Societies

B Land Improvement and other kinds of takavi loans and advances

C Industrial loans and loans for the purchase of machinery.

D Miscellaneous loans and house building and other advances.

3. *A (1) Loans to Inamdars* —The opening balance, the recoveries towards principal and the balance outstanding for the year 1916-17, under group A (1) were Rs. 5,84,380, Rs 20,246 and Rs 5,64,134 respectively It is reported that a sum of Rs. 44 015 was overdue as interest and Rs. 50,725 towards principal on 30th June 1917.

4 Of the 11 items comprised under this head recoveries towards principal are reported in six cases and in one, *viz*, the case of Messrs T Srinivasa Rao and Kesaviah of Thippiah's family, no amount is due to Government The credit balance of Rs 1 15 shown should be adjusted and the accounts closed at an early date, as the accounts relating to the properties of the family have been reported by the Deputy Commissioner, Hassan District, to have been brought up-to-date

5. In the undermentioned four cases recoveries have not been satisfactory. The balances outstanding on 30th June 1917, under principal and overdue interest are as follows:—

	Principal	Overdue interest
Loans to Mr. Siddaraj Urs and Mr Krishnarajammaniavaru	27,500	12,103
Loans to Mr Dalvoi Devaraj Urs	2,75,463	197
Loans to Mr Ramanna and others of the Nandagudi family	64,341	31,590
Loans to Mr Sannu Rao and others of the Bakshi Thiappiah's family	14,248	125

6. Government observe that special action for the adjustment of Government dues is necessary in respect of these four loans accounts

7. The present position of these loan accounts is as follows:—

(*a*) In regard to the first, *viz.*, Mr. Siddaraj Urs and Krishnarajammaniavaru, the inamdar, Mr. Nanjaraj Urs has signified his consent to pay up the entire loan found to be due by him after adjustment of the amount of toddy revenue of the Inam village the claim to which has been conceded to him. The Excise Commissioner's report in the matter of the disposal of the claim is long overdue. He is requested to take all needful action in consultation with the Deputy Commissioner, Mysore, and submit a report to Government within one month from the date of the order.

(*b*) As regards the loan to Mr. Dalavoi Devaraj Urs, Government have ordered in No. Fl. 1929-33—G. F. 138-12-13, dated the 3rd November 1915, and No. Fl. 3933—G. F. 180-15-19, dated the 16th January 1917, that it should be adjusted by the sale of the mortgaged properties with the consent of the inamdar, which has been called for. The Deputy Commissioner, Mysore, is requested to take necessary action in the matter within three months from the date of the order.

(*c*) As regards the loan granted to Nandagudi family a full report was called for from the Deputy Commissioner, Bangalore, in the Government Order No. Fl. 2447—G. F. 151-10-42, dated the 1st December 1915. In spite of several reminders, the Deputy Commissioner has not yet sent his report. In reply to the notice asking for an acknowledgment of the amount due, one of the debtors, *viz.*, Mr. Govindiah has stated that he is prepared to pay up the entire amount due provided full and clear accounts of the income and expenditure of the properties in the possession of Government are furnished. The Comptroller has also in his letter No. 371-72, dated the 7th June 1918, made a special report in the matter of this loan pointing out the necessity for early action towards the adjustment of Government dues.

The Deputy Commissioner, Bangalore, is therefore requested to submit his report within a fortnight from the date of this order as regards this loan account and intimate to Government the names of the officers responsible for the delay in its submission.

(*d*) The principal due from Mr. Sannu Rao and others of the Bakshi Thippiah's family amounts to Rs. 14,248. The accounts of the family properties in the Hassan District are reported to have been overhauled and the Comptroller's final report promised in his letter No. Loans 333, dated the 8th May 1918, will be submitted within one month from the date of the order.

8. (*2*) *Loans to Agricultural Banks.*—Out of the 35 items comprised in the group, amounts are reported to be due in 14 cases, Rs. 4,41,323 towards principal and Rs. 1,36,595, towards interest overdue on 30th June 1917. The outstandings in connection with the two Coffee Banks are still very heavy. There are credit balances in respect of some of the Banks. The Comptroller is requested to take necessary steps for the prompt adjustment of these balances within two months from the date of the order. The action taken may be briefly indicated in the statement for the current year.

9. (*3*) *Loans to Co-operative Societies.*—The outstandings at the beginning of the year under this head together with advances made during the year amounted to Rs. 6,225, of which a sum of Rs. 1,518 was recovered during the year under report.

B. 10. *Land Improvement and other kinds of Takavi Loans and Advances.*—The total advances under this group amounted to Rs. 8,38,285, of which Rs. 1,46,600 have been recovered, leaving a balance of Rs. 6,91,685.

C. 11. *Industrial loans and loans for the purchase of machinery.*—The total amount including the opening balance and the advances made during the year under report was Rs. 5,31,022, of which a sum of Rs. 35,214 has been recovered, leaving a balance of Rs. 4,95,808. A sum of over Rs. 27,000 is seen to be overdue on account of principal towards loans granted for the purchase of machinery under the Government Order of 2nd September 1913. The attention of the Comptroller to Government is invited to para 22 of the rules for the grant of these loans and he is requested to indicate briefly in his future reports the reasons for non-recovey of the instalments, necessary information being obtained from the Director of Industries and Commerce. The Comptroller has in his letter No. L. 371-72, dated the 7th June 1918, reported that of these advances, the one granted to Mr. W. H. King, *viz.*, Rs. 2,500 for dairy farming seems to be irrecoverable as he has left for France, and solicited the orders of Government in the matter of its adjustment. The matter is separately under consideration.

No. Ft.. 1862-71—G. F. 127-17-4, DATED 3RD OCTOBER 1918.

D. 12. *Miscellaneous Loans and Advances.*—In this group are included the following loans and advances :—

(1) Loans to owners of land submerged under the Krishnarajasagara.

(2) Miscellaneous loans and advances to Government employees to enable them to invest in Indian War Loan.

(3) House-building advances.

(4) Scholarships and other educational advances.

(5) Advances for Milch cows on the Nandidroog.

The opening balances, the advances and the recoveries made during the year and the closing balances of this group are as follows:—

Opening balance	Advances during the year	Recoveries	Closing balance
1.35.546	1,79,888	52,354	2,63,080

J. S. CHAKRAVARTI,

The Secretary, Education and Agricultural Department.

Exd—C. R.

No. Loans 1141, dated Bangalore, the 23rd January 1918, from M. N. Krishna Rao, Esq., B.A., Comptroller to the Government of His Highness the Maharaja of Mysore, to the Secretary to the Government of Mysore, Financial Department.

I have the honour to forward herewith for the information of Government the marginally noted statements of Land Improvement and Takavi Loans, etc., for the year 1916-17.

I. Statement of Land Improvement Loans, Old Rules.
II. Statement of Land Improvement Loans, New Rules.
III. Statement of Takavi Loans, New Rules.
IV. Statement of Malnad Improvement Takavi Loans.
V. Statement of Sericultural Takavi Loans.
VI. Statement of Fruit Cultural Takavi Loans.
VII. Statement of Loans to College and Rural Institutions.
VIII. Famine Advances of 1891-92.

2. The minus balance of Rs. 8,217-9-0 now remaining under Takavi Advances (Old Rules) at end of 1915-16 is due to errors in adjustment in the accounts of previous years. Steps have been taken to trace out the mistakes and effect final adjustment. When this is done, a statement of the correct balance under this head will be forwarded for the information of Government.

3. As regards the balances outstanding under advances drawn during the famine of 1891-92, I may add for the information of Government that the respective Deputy Commissioners and President, Mysore City Municipality, have been addressed in the matter of adjustment of these loans.

No. Fl. 1862-71—G. F. 127-17-4, dated 3rd October 1918.

No. Fl. 1862-71—G. F. 127-17-4, dated 3rd October 1918.

No. D. Loan 11, dated Bangalore, the 9th February 1918, from M. N. Krishna Rao, Esq., B.A., Comptroller, to the Government of His Highness the Maharaja of Mysore, to the Secretary to the Government of Mysore, Financial Department.

Adverting to your letter No. Fl. 3615—G. F. 141-16-16, dated the 12th January 1918, and subsequent reminder No. Fl. 4100, dated the 4th instant, calling for the annual statements of Loans and Advances for 1916-17, I have the honor to forward herewith a consolidated statement including therein the transactions relating to the marginally noted loans bearing interest, and to state that the statements relating to house-building and other advances will be separately submitted.

1. Loans to Jahgirdars.
2. Do Agricultural Banks.
3. Do Co-operative Societies.
4. Do owners of lands submerged by the Krishnarajasagara.
5. Loans for encouragement of Industries and Commerce.
6. Loans to dairy and other farms.
7. Miscellaneous Loans.

Loans to Jahgirdars, 1916-17.

No. Fl. 1862-71—G. F. 127-17-4, dated 3rd October 1918.

No. D. 2452—G. F. 127-17-3, dated Bangalore, the 18th March 1918, from M. N. Krishna Rao, Esq., B.A., Comptroller to the Government of His Highness the Maharaja of Mysore, to Rajamantrapravina Dewan Bahadur J. S. Chakravarti, Esq., M. A., F. R. A. S., etc., Secretary to the Government of Mysore, Financial Department.

In continuation of this office letter No. 11—Loans, dated the 8th February 1918, I have the honor to submit herewith a statement showing the transactions relating to the marginally noted advances and loans for the year 1916-17 and to state as follows :—

1. House-building advances.
2. Loan scholarships and other educational advances.
3. Advances for milch cows on the Nandidroog
4. Loans for purchase of machinery

1. The transactions relating to loan scholarships and advances made for training in International Correspondence School, London, were in former years included under "Special Loans." This head having since been abolished, the transactions have been included under a separate head of account *viz.*, "Loan Scholarships and other educational advances."

2. In the statement of advances for milch cows on the Nandidroog, the debtor is shown to be the Superintendent, Government Gardens, who drew the amount of Rs. 500 in March 1917 for making advances to the Nandi Hill Staff. It is proposed to open a separate advance account for these advances in the name of each individual debtor like House-building advances and the matter is under correspondence with the Superintendent, Government Gardens.

No. Fl. 1862-71—G. F. 127-17-4, dated 3rd October 1918

House-building advances, 1916 17

Revision of Travelling Allowance Rules and Countersignature of Travelling Allowance Bills.

No. Fl. 2100-49—S. & A. 355-10-2, DATED 24TH OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Memo No. 148, dated the 28th November 1910, from the Secretary to the late Retrenchment Committee forwarding the report of that Committee on the revision of travelling allowance rules.

2. Note dated the 30th May 1917, from Mr. K. L. Datta, Special Officer, on the subject of countersignature of travelling allowance bills and the revision of travelling allowance rules.

Order No. Fl. 2100-49—S. & A. 355-10-2, dated 24th October 1918.

Government recognise that the rules in the matter of countersignature of Travelling allowance bills require revision in order to secure more expeditious payment of travelling allowance claims, and that some of the rules in the travelling allowance regulations have not worked satisfactorily in practice. Government are accordingly pleased to pass the following orders:—

2. (i) travelling allowance bills of the Heads of Departments and other Officers shown in the annexure, and of their establishments will not require countersignature in future,

(ii) all other travelling allowance bills will be countersigned by (1) the superior officer of the drawer of the bill, provided that such officer is a Gazetted officer, or (2) by the next higher officer, when the immediate superior is not a Gazetted officer, or (3) by the Secretaries to Government in the administrative department in other cases,

(iii) bills for travelling allowance for journeys on tour should be paid after countersignature by the controlling authority. Countersigning officers should scrutinise all claims to road mileage with particular care,

(iv) in the case of journeys on tour, the travelling allowance bills of the Head of the office as well as of his establishment, including his Gazetted Assistants, should be drawn in one bill at the end of the month.

3. The following changes in the rules are also ordered:—

(i) Wherever in Appendix E, Mysore Service Regulations it is mentioned that the rate of mileage for journeys with camp equipment is 12 annas, that rate should be allowed only when tents are carried for the officer's occupation at his own expense.

(ii) Article 566, Mysore Service Regulations laying down the scale of establishment that might be taken by the Deputy Commissioners and Assistant Commissioners on tour will be omitted.

(iii) The concession of allowing road mileage for marches of not more than 20 miles a day to officers, whose duties ordinarily require them to travel throughout the State under Article 592, Mysore Service Regulations, will be withdrawn in respect of Gazetted officers.

4. Necessary A and C slips to Mysore Service Regulations will separately issue.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The other Secretaries to Government.
The Comptroller to Government.
The other Heads of Departments.

Exd—G. W. B.

No. Fl. 2100-49—S. & A. 355-10-2, dated 24th October 1918.

Sri Venkataramanaswami temple at Karighatta, Seringapatam Taluk.

No. 1100-102—M. F. 31-18-2, dated 2nd October 1918

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. 2622, dated 11th June 1918, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Sri Venkataramanaswami temple at Karighatta, Seringapatam Taluk, together with an explanatory memorandum thereon.

(Memo and scale printed as accompaniments in extenso.)

Order No. 1100-102—M. F. 31-18-2, dated 2nd October 1918

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

The inclusion of this temple in the list of Major institutions is approved.

G. ARAVAMUDU IYENGAR,
Joint Secy. to Govt., Muz. Dept.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Mysore District.
The Comptroller, Mysore Government.

MEMORANDUM.

Revision of the scale of Sri Venkataramanaswami temple at Karighatta, Seringapatam Taluk.

The average income of the institution for five years from all sources is Rs. 929 or omitting Rs. 77 which is the interest on investment, its average income is only Rs. 852. Though on the basis of income the temple does not fall within the classification of a Major institution, yet in view of its situation and local importance and the likelihood of improvement under careful management, I would recommend its inclusion in the list of Major institutions.

ESTABLISHMENT.

2. There is not much scope for improving the emoluments of the temple servants who have by no means an easy life. The total charges under this head in the existing scale have to be retained almost unchanged, but some improvement of individual emoluments is effected by judicious combination of services and omission of a few unimportant ones.

NITYAKATLE.

3. The provision under this head in the proposed scale is Rs. 192 a year as against Rs. 135 in the existing scale.

HETCHUKATLE.

4. In the existing scale there is a provision of Rs. 50 for Rathotsava and Rs. 50 for Santarpane. The provision for Rathotsava is increased in the proposed scale to Rs. 75 and the provision for Santarpane omitted. Till the temple is able to command a better income, the cost of Santarpane may be met in part by a contribution of Rs. 50 from the Seringapatam Chattram.

5. For a temple situated as this is, with a celebrity for age and holiness, some provision is necessary to provide some sustenance to devotees during midday. A desantri of 2 or 3 seers a day will go a long way in making the institution popular and will be felt as a great relief by the devotee public. I shall suggest ways and means to meet this want separately.

6. The total expenditure in the proposed scale is Rs. 829 or Rs. 39 more than the existing scale.

No. 1100-102—M. F. 31-18-2, dated 2nd October 1918.

MEMORANDUM.

Revision of the scale of Sri Chamarajendra Memorial Chattram at Seringapatam.

The Chattram has an average total income of Rs. 490, per annum. The central situation of the building in the proximity of the important temples and the Chamarajendra Sopana of the Cauvery attracts to it visitors at all hours of the day. The parpattegar has been keeping the building neat and tidy and attentive to the wants of all classes of visitors. His pay may be raised from Rs. 9 to 12,

A statement showing the details is appended.

There is a surplus of Rs. 1,091-3-1 at the credit of the institution which should be reserved for sundry repairs.

No. 1097-99—M. F. 22-18-2, DATED 22ND OCTOBER 1918.

Government Proceedings No. 1204-6—Muz. 685-09-4, dated 1st April 1913, fixing a scale of expenditure in the Sri Ranganathaswami temple at Tirumale in the Magadi Taluk.

Letter No. 2622, dated 11th June 1918, from the Muzrai Superintendent in Mysore, submitting for sanction a revised scale of income and expenditure in the above temple together with an explanatory memo thereon.

(Scale and memo printed as accompaniments).

Order No. 1133-35—Muz. File 45-18-2, dated 17th October 1918.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

The question of levying contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

G. ARAVAMUDU IYENGAR,
Joint Secy. to Govt., Muz. Dept.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Bangalore District.
The Comptroller, Mysore Government.

Exd—K. P. S

MEMORANDUM.

No. G. 1133-35—Muz. 45-18-2, dated 17th October 1918.

Revision of the scale Sri Ranganathaswami temple at Tirumale, Magadi Taluk, Bangalore District.

From the statement showing the income from all sources and expenditure of the temple it will be seen that the average income of the temple excluding the approximate income from lands which is being enjoyed by the temple servants is about Rs 2,460. Deducting 25 per cent for repairs and General Funds, the average balance available for expenditure is about Rs. 1,845. The average expenditure as per sanctioned scale is Rs 1,245, the excess over the Cash Tasdik of Rs 872-10-0, being met from the Jatra collections.

Establishment.

2 There are 4 archaks of 2 families, who are Baiaward archaks receiving a pay of annas 8 each per month These are now under suspension and a temporary archak has been appointed

3 The temple has a very large number of Brahman and Sudra servants paid as usually in the case of all old institutions, small pittances more by way of honorarium It is not found practicable either to increase their pay substantially or to combine offices as the officiators are tenacious of the honour All that could be effected with their consent has been done and the present proposal is the result Substantial increases have, however been given to parichaiak and swayampaki and one more hand under the former class has been added Increases have also been accorded to some of the non-Brahman servants who are in the enjoyment of temple lands Thus in the proposed scale, the pay of establishment has been raised from Rs 34-11-10 to Rs 52

Nityakatle

4 Owing to the current high prices of articles the provision for Diparadhane and the purchase of sundry articles has been slightly increased, and fresh provision made for a few *vara* and *masa* katles whose expenses were being met hitherto from Nityakatle rice allowance The expenditure proposed under Nityakatle is thus Rs 45 per month as against Rs 37-8-4 in the existing sanctioned scale.

Hetchukatle

5. The only provision under this head in the sanctioned scale is Rs 131-8-0 for Rathotsava. In the proposed scale additional provision for Navaratri, Dhanurmasa, Krittikotsava and His Highness' Birthday has been made raising thereby the existing provision of Rs 131-8-0 to Rs. 149– 8—0

6 The total expenditure as per proposed scale is Rs 14,69 8-0 or Rs 339 more than the existing scale

7. Statement showing the five years' income and expenditure is appended

8 The surplus at the credit of the institution on 1st July 1917 was Rs. 15,422-10-11 (uninvested Rs. 6,422-10-11 and invested Rs. 9,000). Leaving a sum of Rs. 5,422-for the immediate purpose of the temple, a sum of Rs. 10,000, can be made available for incorporation in the General Muzrai Fund.

9. A contribution of 6¼ per cent out of the income can be made available for purposes of the Muzrai Establishment Fund. The Muzrai work of the Taluk is very light and it is sufficient if a Deputy gumasta on Rs, 12-1-15 is appointed whose special duty it will be to assist in the management of this temple and help the Dharmadarsis

No. G. 1133-35—Muz. 45-18-2, dated 17th October 1918.

Regulation of passing down water to Madras from the Krishnarajasagara Reservoir.

No. P. W. 2407-8—K. S. S. 12290-91, DATED 18TH OCTOBER 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

Order No P. W. 2407-8—K. S. S. 12290-91, dated 18th October 1918.

In view of the importance of the regulation of the river flow at Krishnarajasagara, which involves the fulfilment of certain obligations to the Government of Madras, in accordance with the award rules of regulation, as mutually modified and agreed to by both Governments, the accompanying rules are issued for the guidance of the officers and subordinates connected with the work of regulation.

2. A responsibility sheet, fixing the nature of work to be done by each and every officer connected with this important work, is attached.

3. As the rules have been drawn up to suit the present incomplete nature of the reservoir, any modifications that may be found necessary in the course of working, should at once be intimated and the sanction of the Chief Engineer obtained to the same before they are brought into force. No deviation from the rules should be allowed on any account before obtaining specific sanction as above.

4. Any unauthorised deviation on the part of the officers and subordinates concerned in the observance of any of these rules will be severely noticed by Government.

5. The Chief Engineer should impress upon one and all of the officers and subordinates concerned the share of responsibility devolving on each, in discharging their portion of the work.

S. CADAMBI,
Offg. Secy. to Govt., P. W. Dept.

To—The Chief Engineer of Mysore.
The Superintending Engineer, Krishnarajasagara Works.

Exd.—R. K.

No P. W. 2407-8—K. S. S. 12290-91, DATED 18TH OCTOBER 1918.

RULES FOR THE REGULATION OF PASSING DOWN WATER TO MADRAS FROM THE KRISHNARAJASAGARA RESERVOIR.

I. Information Required from the Gauging Stations

The site gauges and well gauges at the three standard gauging stations, namely, Chunchankatte on the Cauvery, Melhalli on the Hemavati, and Undavadi on the Lakshmanthirtha, should be read, every day, at 6 A.M., 12 noon and 6 P.M., and at once telephoned to the Controlling Officer at the respective hours. If the telephone line or apparatus at any of the stations gets out of order, the gauge readings of that hour must be sent to the nearer of the remaining two stations and the message should be telephoned to the Controlling Officer from there. Arrangements should also be made at once to set right the telephone line or apparatus.

The telephone messages should always be in the following order.—

FROM

THE GAUGE READER,
Chunchankatte.

To

THE CONTROLLING OFFICER,
Krishnarajasagara.

Date .. ..
Time of observation. ....
Site gauge readings.....
Well gauge readings ....

In addition to the reading of the site and well gauges at each of the three gauging stations, the gauges at Ramasamudram Anikat in the case of Chunchankatte, at Siriyur Anikat in the case of Undavadi, and at 4,000 feet up-stream at Melhalli gauging site, will be read daily along with the site gauges. The information relating to these gauges should be recorded in the register maintained at the site, a card for each station being posted to the Controlling Officer every day, in the form given below:—

Date	Time	Site gauge	Well gauge	Anikat gauge	Remarks
26th October 1917 ...	6 A.M. ...	5·42	5·42	1·20	
,, ...	12 NOON ...	5·38	5·38	1·17	
,, ...	6 P.M. ...	5·30	5·30	1·13	

II. Information required from the Anikat sites of the five channels above the Reservoir but below the standard Gauging Stations.

1. Tippur.
2. Kalhalli.
3. Ayerhalli.
4. Marchalli.
5. Anandur.

On these headworks, registers should be maintained in which the readings of both the morning at 6 A.M. and the evening at 6 P.M. gauges should be recorded. The previous evening's and the morning's readings should be communicated in the form given below by telephone or other means so as to reach the Controlling Officer at Krishnarajasagara by 3 P.M. that day.

Form of telephone messages for Intermediate Channels.

A=7th
B=6 A.M.
C=Decimal four two.
D=Five decimal not.
E=Three feet nine inches.
F=Three feet nine inches.
G=Closed.
H=Closed.

Gauge Reader,
Station.

(*The letters indicate the several sub-heads given in the table below.*)

In addition, a card should be posted every day to the Controlling Officer from the Post Office nearest to the channel headworks. The form to be adopted is as given below:—

Name of Anikat.

Date	Time	Water level above anikat	Head sluice					Scouring sluice		Remarks
			Number of vents opened					Rear gauge	Number of vents opened	
A	B	C	D	E		F	G H			
				Ft.	In.	Ft. In.				
7th December 1917 ...	6 A.M.	0·42	5·00	3	9	3 9		1·75	1 ft.	
Do ...	6 P.M.	0·12	5·00	3	9	3 9		1·75	1 ft.	

III. *Computation for Regulation.*

(1) On receipt of the information set forth in paragraphs I and II, entries should be made in the register (statement No. I) as per sample form attached. For obtaining discharges corresponding to the gauge readings at the gauging stations, tentative rating curves based on joint observations conducted by the Mysore and Madras staff during 1916 and supplied by Madras should be used, till revised curves based on subsequent observations are furnished. The average inflow from each station will be computed in the following way as proposed by Mysore and approved by Madras:—

(i) Calculated inflow for Regulation at 7 A.M.

$$= \tfrac{1}{4} \text{ of } \begin{cases} \text{(discharge at 6 A.M. of the previous day} \\ \text{(+2 x discharge at 12 noon of the previous day} \\ \text{+discharge at 6 P.M., of the previous day.)} \end{cases}$$

(ii) Calculated inflow for Regulation at 7 P.M.

$$= \tfrac{1}{2} \text{ of } \begin{cases} \text{(discharge at 6 P.M. of the previous day} \\ \text{+discharge at 6 A.M. of the day.)} \end{cases}$$

The total of the average discharges at the three standard gauging stations is taken to be the inflow into the reservoir from these stations.

Intermediate Irrigation.

(2) From the gauge readings of the previous evening and the morning, received from the headworks of the channel, the discharge in each of the five channels should be calculated and entered in column 9 of statement No. I both for that evening's and the next morning's regulation. If the actual discharge in the channels exceeds the discharge at 30 acres per cusec, for the area under irrigation, the latter only as entered in column 11 should be taken for deduction, noting merely, for information, the former in column 9 of the statement, against the respective channels.

(3) On days when the actual discharge in the channel is less than the discharge at 30 duty, deduction should be for the actual discharges only.

(4) When the head sluices are closed, no deduction should be made, even though some discharge passes out between planks of shutters or at sides.

(5) The total draw-off for the intermediate irrigation, as given in column 9 or 11, should be deducted from the inflow from the three gauging stations to arrive at the net flow into the reservoir.

Replenishment from the Intermediate Catchment.

For both the impounding and non-impounding periods, to allow for the flow from this catchment, the regulation shall be tentatively based on the water level in the reservoir as per correction table shown in Statement I.

(6) *Losses by evaporation and transmission.*—The allowances for evaporation proposed during the time of the Arbitration proceedings, as noted below, will be tentatively adopted up to 31st December 1921. This note will have to be revised on the 1st October 1921, meanwhile collecting necessary data for same.

Months	Inches	Months	Inches	Months	Inches
June ...	5	October ...	4	February ...	4
July ...	4	November ...	4	March ...	5
August ...	4	December ...	4	April ...	7
September ...	4	January ...	4	May ...	8

No. P. W 2407-8—K. S. S. 12290-91, DATED 18TH OCTOBER 1918.

IV. *Regulation.*

(1) Regulation should be made at 7 A.M. and 7 P.M. every day. From the net inflow into the reservoir found out, as stated above, the discharge to be let out and the quantity to be impounded are to be determined as per Arbitration Rules. The South-West monsoon shall, for the purpose of these rules, be considered to extend from 1st June to 30th September, both days inclusive, and the North-East monsoon from 1st October to 31st January, both days inclusive.

Impounding.

(2) Impounding in the reservoir during the South-West monsoon shall be regulated in accordance with the standard tables I (*a*) and II in the following manner:—

(i) Impounding under standard table I (*a*) shall commence as soon as the flow at Kannambadi exceeds (·625×22,750 cusecs=)14,219 cusecs, provided that the flow over the Cauvery Dam plus any discharge through the vents of the Upper Anikat was more than 18,850 cusecs, at any time during the preceding four days.

(ii) If the discharge referred to in clause (1) of this rule did not exceed at any time during the preceding four days 18,850 cusecs, then impounding shall be according to standard table II.

(iii) If, during the period of operation of standard table I (*a*), the discharge of 18,850 cusecs, referred to in clause (i) of this rule, had not been exceeded at any time during the preceding four days, then, impounding shall proceed under standard table II.

(iv) If, during the period of operation of standard table II as provided for in clauses (ii) and (iii) of this rule, the flow at Kannambadi reaches 15,277 cusecs, then, 12 hours after the inflow had reached this stage impounding shall proceed under standard table I (*a*), provided that the discharge referred to in clause (i) of this rule was more than 18,850 cusecs at any time during the preceding four days.

(3) Impounding in the Kannambadi Reservoir during the North-East monsoon shall be regulated in accordance with the standard table I (*b*), provided the discharge at Kannambadi exceeds (·3×22,750 cusecs=) 6,825 cusecs.

(4) During the period from 1st February to 31st May, both days inclusive, the whole inflow into the reservoir shall be let down to Madras. Extra issues should be made on requisition from Sivasamudram to maintain the supply for power works.

(5) The quantity due to Madras can be passed down either over the temporary weir or through the under sluices or both at the time of regulation every day, as settled at present. The flow over the weir will be calculated by the formula $Q = 2{\cdot}4\ LH\sqrt[2]{}$ in which Q denotes discharge over the weir in cusecs, L denotes the length of the weir in feet, and H denotes depth of flow over the weir; and the flow through the sluice by the formula $Q = 5\ A \times \sqrt{H}$ where Q denotes discharge through the sluice in cusecs; A denotes the area of the opening and H denotes vertical depth from the surface to the centre of the orifice. A table has been prepared showing the discharges through each sluice for varying heads and openings and is attached hereto.

(6) The details of calculation are to be entered in statement No. II as per sample attached.

The number of and height to which the gates are to be regulated should be entered in the regulation order book and sent to the Mechanical Engineer for manipulation of the gates. A separate register should also be maintained in the gauge office and a separate gauge reader should note the number of vents opened and the heights by observing the gauges fixed over each gate. The Controlling Officer should satisfy himself that the gates have been regulated correctly.

V. *Information to be furnished to Madras.*

(1) A message should be sent to the Secretary to the Government of Madras, Irrigation Branch, in the form given below at 8 A.M. every day, embodying the results of the previous two regulations:—

Form of Telegram.

"Madras Irrigation, $\frac{\text{Madras}}{\text{Ootacamund}}$." "Inflow four thousand eight hundred and forty evening, five thousand two hundred and fifty morning. Issue four thousand nine hundred and eighty evening and five thousand six hundred morning."

Controlling Officer.

(2) Copies of statements Nos. I and II, with a copy of the statement of daily draw-off from the reservoir for the two low level canals, are to be sent, by post, next morning to the Secretary to the Government of Madras, Irrigation Branch, and also to the Chief Engineer of Mysore. The copy received at the Chief Engineer's office should be daily scrutinised and filed carefully.

No. P. W. 2407-8--K. S. S. 12290-91, DATED 18TH OCTOBER 1918.

VI. *Information to be obtained from Madras.*

The time at which the flow over the Cauvery Dam plus any discharge through the vents of the Upper Anicut exceeds 18,850 cusecs or falls below it, has to be intimated by wire to the Controlling Officer at Krishnarajasagara, by the Superintendent at the Cauvery Dam during the period from 1st June to 30th September. This information should be made use of in arriving at the quantity due to Madras as per Award Rules. The information received from the Superintendent at the Cauvery Dam regarding gauge readings and opening of vents should be entered in a register and discharges calculated.

VII. The registers and other records pertaining to the regulation should be carefully maintained and full facilities given for the inspection by officers deputed by the Madras Government.

VIII. All cases of doubts or difficulties noticed in regulation should be reported immediately and instructions obtained.

IX. The Controlling Officer should hold himself responsible for the accuracy of the regulation and all calculation and statements connected therewith.

No. P. W. 2407-8—K. S. S. 12290-91, DATED 18TH OCTOBER 1918.

STANDARD TABLE.

South-West monsoon—1st June to 30th September.

Prescriptive right of Madras is for 22,750 cusecs measured at Cauvery Dam.

Standard Table I (a).

Tentative proportion factor C/K=1·6,

where C=Natural flow at Cauvery Dam.

K=Natural flow at Krishnarajasagara.

C—22,750 is excess over requirement of Madras. In terms of K, this is equivalent to 1·6K—22,750. This can be withheld. With the tentative allowance of 20 per cent for transmission loss the quantity impoundable in the Krishnarajasagara Reservoir.

I=(1·6K—22,750) 100/80

=2K—28,437

=2 (K—14,219).

If F denotes the quantity due to Madras,

F=K—I or K—2 (K—14,219)

=28,438—K.

Hence when K=28,438, F=O.

The limit at which impounding can commence as per this table, *i.e.*, I=(1·6 K—22,750) 100/80=2 (K—14,219), is when K exceeds 14,219 cusecs and the whole inflow can be impounded when K is equal to or exceeds 28,438 cusecs.

Issues due to Madras in accordance with standard table I (a) are tabulated for all values of K between 14,219 and 28,438 cusecs, with tentative factor C/K=1·6 and transmission loss factor=20 per cent.

Standard Table II, for South-West monsoon.

I=K—14,219 where I=impoundable quantity.

K=Natural flow at Krishnarajasagara.

Issue to Madras will be a constant discharge of 14,219 cusecs.

Standard Table I (b) is applicable during North-East monsoon—1st October to 31st January.

Tentative proportion factor is C/K=10/3.

Where C=Natural flow at Cauvery Dam.

K=Natural flow at Krishnarajasagara.

Tentative allowance for transmission loss is 17%.

I=(10/3K—22,750) 100/83

=4·016K—27,410,

and issue due to Madras, F=K—4·016 K+27,410=27,410—3·016K.

F=O, when 27,410—3·016K=0, *i.e.*,

when K=27,410/3·016=9,088 cusecs.

No. P. W. 2407-8—K. S. S. 12290-91, DATED 18TH OCTOBER 1918.

Since, I=4·016K—27,410.
I=0 when 4·016K—27,410=0,
i.e., when K=27,410/4·016=6,825 cusecs.

Issues due to Madras in accordance with the standard table I (*b*) are tabulated for all values of K between 6,825 and 9,088 cusecs with tentative proportion factor, C/K =10/3 and percentage of transmission loss =17.

Table showing the discharges due to Madras for different inflows into the reservoir by Award Method.

SOUTH-WEST MONSOON.

The whole inflow should be discharged up to a limit of 14,219 cusecs when the impounding commences.

Table I (a).

Inflow in cusecs	0	100	200	300	400	500	600	700	800	900	Difference for each cusec of inflow	Remarks
14,000	..	...	..	14,138	14,038	13,938	13,838	13,738	13,638	13,538

20,000	8,439	8,338	8,238	8,138	8,038	7,938	7,838	7,738	7,638	7,538		
21,000	7,439	7,338	7,238	7,138	7,038	6,938	6,838	6,738	6,638	6,538		
22,000	6,439	6,338	6,238	6,138	6,038	5,938	5,838	5,738	5,638	5,538		
23,000	5,438	5,338	5,238	5,138	5,038	4,938	4,838	4,738	4,638	4,538		
24,000	4,438	4,338	4,238	4,138	4,038	3,938	3,838	3,738	3,638	3,538		
25,000	3,438	3,338	3,238	3,138	3,038	2,938	2,838	2,738	2,638	2,538		
26,000	2,438	2,338	2,238	2,138	2,038	1,938	1,838	1,738	1,638	1,538		
27,000	1,438	1,338	1,238	1,138	1,038	938	838	738	638	538		
28,000	438	338	238	138	38							

Full impounding can be made when K is equal to or more than 28,438 cusecs.

Table II.

I = K—14,219, where I = Impoundable quantity and
K = Natural flow at Krishnarajasagara.

Issue to Madras will be a constant discharge of 14,219 cusecs when the reservoir inflow is more than 14,219 cusecs and Cauvery Dam flow did not exceed 18,850 at any time during the previous four days.

NORTH-EAST MONSOON.

The whole inflow should be discharged up to a limit of 6,825 cusecs.

Table I (b).

Inflow in cusecs	0	100	200	300	400	500	600	700	800	900	Difference for each cusec of inflow	Remarks
6,000	...	.	...	..		...	.		..	6,600		
7,000	6,238	5,996	5,695	5,394	5,092	4,790	4,489	4,187	3,886	3,584	3 cusecs

9,000	266	..	...	.	..	...	...	..	...	.		

Full impounding can be made when the inflow K is equal to or more than 9,088 cusecs.

No. P. W. 2407-8—K. S. S. 12290-91, DATED 18TH OCTOBER 1918.

Responsibility sheet Regarding the Regulation Operations.

Description of work	Officer or subordinate directly responsible	Checking officer	Supervising officer
1. GAUGE STATIONS ABOVE THE RESERVOIR.			
Reading the site and well gauges at the following three standard stations, at 6 A.M., 12 noon and 6 P.M., every day and communicating them at the respective hours to the Controlling Officer, at Krishnarajasagara by telephone.			
(1) Melhalli on the Hemavati ...	The gauge reader at Melhalli.	The Sub-Division Officer at Akkihebbal	
(2) Chunchankatte on the Cauvery ...	The gauge reader at Chunchankatte.	The Sub-Division Officer in charge of gauging operations at Yedatore.	
(3) Undavadi on the Lakshmanthirtha	The Sub-Division gauge reader at Undavadi.		
In addition to the above, anikat gauge in the case of stations (2) and (3) and the gauge 4,000 feet above in the case of station (1) should be read at the hours stated and a gauge card noting these gauges should be posted daily to the Controlling Officer at Krishnarajasagara.	The three gauge readers at the three stations mentioned above.	The Sub-Division Officer at Akkihebbal for Melhalli. The Sub-Division Officer at Yedatore for Undavadi and Chunchankatte.	
To obtain by telephone the gauge readings from the three standard stations at the hours stated above.	Personal Assistant to the Superintending Engineer.	Controlling Officer at Krishnarajasagara.	
INTERMEDIATE CHANNEL GAUGES.			
To read the gauges at the headworks of the following five channels at 6 A.M., and 6 P.M. and to transmit the previous evening's and the morning's gauge readings to the Controlling Officer at Krishnarajasagara to reach him by 3 P.M.			
1. Tippur ... ... 2. Kalhalli 3. Ayerhalli 4. Marchalli 5. Anandur.	The gauge readers at the several anikats.	The Personal Assistant to the Superintending Engineer, Krishnarajasagara. He should inspect the headworks periodically and assure himself that the gauge readings are correctly taken in time.	Controlling Officer.
REGULATION AT THE RESERVOIR.			
Directly the gauge readings from the three standard stations and the five channels are received by telephone, the net inflow into the reservoir should be computed as per award tables.	The Personal Assistant to the Superintending Engineer.	The Controlling Officer should assure himself that the calculations, etc., are properly done and the issues passed down the reservoir.	
The Mechanical Engineer should be intimated to regulate the sluice to let down the issue as calculated above and the regulation of sluices should be done by 7 A.M. and 7 P.M. exactly every day.	The Mechanical Engineer is directly responsible for the regulation of the sluices as per instructions received from the Controlling Officer.	The regulation of the sluices should be independently checked by a gauge reader.	

No. P. W. 2407-8—K. S. S. 12290-91. DATED 18TH OCTOBER 1918.
